Made in the USA.

Need we say more?

For over 65 years, Aluminum Athletic Equipment Co. (AAE) has emerged as the leading innovator of high-quality athletic and custom sports equipment manufactured right here in the USA.

We meticulously design sports field products that last season after season for track and field, football & rugby, soccer, baseball & softball, field hockey, and lacrosse programs.

AAE offers sports field equipment for performance levels including high school, college & university, professional teams, club programs, and recreational leagues. Our collaboration with athletic and facility directors, team managers and coaches allows us to innovate new and custom sports equipment products that reflect the evolving needs of athletes and sports team management. Often times, what's new from AAE becomes the standard in sports programs. We invite you to experience the AAE athletic equipment difference... where quality is always in play.

8-1/2' Framed BallStopper® (self-standing)

The all-aluminum, individual framed units allow for endless configurations to run drills and maximize flexibility of system.

See page 60 for details.

Portable Lacrosse Backstop

Don't let powerful shots on goal injure people or cause property damage. This portable unit is easily set up behind the goal to help minimize dangers.

See page 47 for details.

Bleacher Scorer's Table

There can't be any easier way to create an out-ofthe-way scorer's table with a perfect field view than setting up this unit. Just clamp it onto any existing bleacher plank and you're ready to go.

See page 54 for details.

Endzone Platform

This custom designed and fabricated endzone platform system accomodates 60 premium ticket holder seats at Lincoln Financial Field, Home of the Philadelphia Eagles. This luxurious, prime seating is looking to be the new trend in NFL stadiums.

See page 56 for details.

Portable Quarterback Station

This self-contained mobile unit provides your quarterbacks instant target practice wherever they want.

See page 38 for details.

Portable Sideline Shelter

A product your players will be sure to love. This semi-permanent, all-weather team shelter will protect your beloved athletes from the elements of inclement weather. And guess what, it'll protect coach too!

See page 54 for details.

New & Custom Products

Cable Design Baseball Backstop Netting

Utilize existing posts/poles to create a custom backtop for your new or existing field.

See page 42 for details.

Scoreboard Netting System

A netting system designed to protect your outfield scoreboard from ball impact. Netting is easily attached, raised and lowered for ease of use. See page 43 for details.

See page 28 for details.

Futsal Goal

Want to offer an exciting new sport at your school? Then Futsal might be just what you're looking for... whether indoors or outside.

Portable Outfield Fence

Use for temporary fields or baseball/softball fields without any fencing. Then re-purpose it for your next event's crowd control.

See page 45 for details.

Surface & Field Savers

It's important to protect your track and/or field investment and these covers fit the bill. Available in solid and mesh in a variety of colors & sizes... customizable with your school/team logo.

See pages 25 and 43 for details.

Curtain BallStopper®

This innovative, two-post design not only minimizes impact on turf installation by requiring only two ground sleeves, but also makes opening and closing the net as easy as sliding a curtain.

See page 59 for details.

Track Hurdles

High School Rocker Hurdle

- Exclusive! UV-Stabilized Polycarbonate ("UVSP")
 Risers scratch & fade resistant OmniColor® resins, recessed stainless steel hardware, redesigned push-button notches for smoother height adjustment
- Aerospace aluminum frame with dome welded end caps and self-adjusting weights
- Push-button height adjustment to 30"/33"/36"/39"/42"
- Dual cross support bars
- Standard Lexan board including FREE* custom silkscreen
- Meets all NFHS specifications

HSAH \$120

Hurdle Carts

- Speeds up event time and ideal for storage
- LHC-41 model holds ten 90°/16 rocker hurdles
- Expanded LHC-41/20 model holds twenty 90° or 32 rocker hurdles

LHC-41 LHC-41/20 \$1,100 \$1,950

AAE is the only manufacturer with the technology for UVSP Risers - both a material upgrade that is more durable & a form redesign that out-performs any aluminum tubes.

Welded Single Bar High School Rocker Hurdle

- Exclusive! UV-Stabilized Polycarbonate ("UVSP")
 Risers scratch & fade resistant OmniColor® resins, recessed stainless steel hardware, redesigned push-button notches for smoother height adjustment
- Aerospace aluminum frame with dome welded end caps and self-adjusting weights
- Push-button height adjustment to 30"/33"/36"/39"/42"
- Quad-welded, single bottom bar with reinforced gussets
- Standard Lexan board including FREE* custom silkscreen
- Meets all NFHS specifications

HSAH-III \$160

Lane Hurdle Dolly

- Economical design for XLAH hurdles only
- Aluminum channel, welded into u-frame
- Four swivel casters with total wheel lock
- Stack up to 10 XLAH or XLAH-II Hurdles

LHD-XLAH \$425

Exclusive dome welded end caps come standard on all AAE hurdles. Superior to typical plastic ones that scatter on the track and never get replaced.

High School 90° Hurdle

- Exclusive! UV-Stabilized Polycarbonate ("UVSP")
 Risers scratch & fade resistant OmniColor® resins, recessed stainless steel hardware, redesigned push-button notches for smoother height adjustment
- Aerospace aluminum frame with dome welded end caps and self-adjusting weights
- Push-button height adjustment to 30"/33"/36"/39"/42" - XLAH-CP heights modified to 24"/27"/30"/33"/36"
- Flat base, stabilizer bar and reinforced post welded into world's strongest 3-way hurdle frame
- Double-web Lexan board including FREE* custom silkscreen
- Meets all NFHS specifications

XLAH-HS \$180 XLAH-CP \$180

All-Purpose Carriers

- All-aluminum deck has a fluted, non-slip surface & holds up to 36 XLAHs securely
- Four 12" heavy-duty pneumatic wheel casters

AC-12A (6' x 12') \$2,950 AC-10A (5' x 10') \$2,400 AC-8A (4' x 8') \$2,100

Self-adjusting weights are intended to keep the hurdle safely in its own lane when spilled while meeting pull-over requirements at all heights.

Track Hurdles

International/College 90° Hurdle

- Exclusive! UV-Stabilized Polycarbonate ("UVSP") Risers - scratch & fade resistant OmniColor® resins, recessed stainless steel hardware, redesigned push-button notches for smoother height adjustment
- Aerospace aluminum frame with dome welded end caps
- Push-button height adjustment to 30"/33"/36"/39"/42'
- Flat base, stabilizer bar and reinforced post welded into world's strongest 3-way hurdle
- Moveable weights match hurdle height for consistent pull-over resistance
- Double-web Lexan board including FREE* custom silkscreen - standard 42", but also available in 47" for wider lanes
- Meets all IAAF®, NCAA®, USATF® and NFHS specifications

XLAH	\$225
XLAH-47 (47" wide board)	\$255

College 90° Hurdle

- Exclusive! UV-Stabilized Polycarbonate ("UVSP") Risers - scratch & fade resistant OmniColor® resins, recessed stainless steel hardware, redesigned push-button notches for smoother height adjustment
- Aerospace aluminum frame with dome welded end caps
- Push-button height adjustment to 30"/33"/36"/39"/42'
- Flat base, stabilizer bar and reinforced post welded into world's strongest 3-way hurdle frame
- Fixed weights
- Double-web Lexan board including FREE* custom silkscreen - standard 42", but also available in 47" for wider lanes
- Meets all NCAA and NFHS specifications

XLAH-II	\$190
XLAH-II-47 (47" wide board)	\$210

Customizing your AAE hurdles is as easy as 1-2-3 (and it's FREE*):

1. Choose your riser and stripe colors.

All AAE hurdles include riser (AKA tube) and stripe colors of your choice. Simply use the color chart below to select one for each - they don't even have to match. You can select two different tube colors at no additional charge.

2. Pick your silkscreen color.

A one-color silkscreen of your school name or nickname is included with all official AAE hurdles. See color chart below. Once your custom silkscreen is added to our library of over 7,500 silkscreens, it will be available for future imprinting on hurdle boards or other customizable products at no additional charge.

3. Upgrade with custom artwork.

Add your school logo or mascot logo onto the hurdle boards for a nominal one-time setup fee. Two-color and three-color imprinting is also available for an extra fee.

Colors shown here are as accurate as printing allows and may appear brighter when seen outdoors. * For minimum quantities only - orders less than minimum may incur additional charges.

Exclusive GE Lexan®

on every 90° hurdle.

desian absorbs and

high impacts.

II is an added feature

Reinforced double-web

distributes the force of

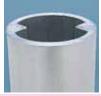

Smoother raising and lowering of hurdle risers when adjusting to different hurdling heights

Colorfast material is fade-resistant

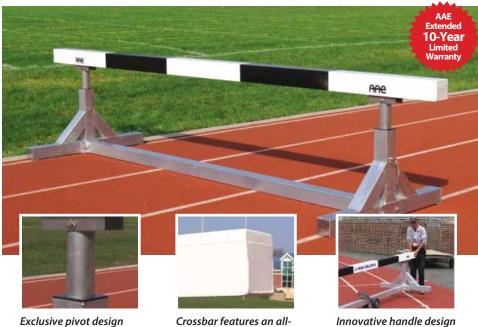

■ Featuring OmniColor® resins, custom match school or team colors* beyond standard sixteen colors

RRK \$30/kit

> By adding extra metal along key stress areas, every AAE hurdle tube is reinforced where it counts without adding unnecessary bulk or cost.

Specialty Hurdles

Exclusive pivot design allows each post to be raised and lowered independently.

Crossbar features an allaluminum and Nuron™ construction - more durable to spike abuse. Innovative handle design engages and dis-engages rollaway wheels for easy moving and storage.

Portable Adjustable Steeplechase Hurdles

- All-white (camouflages spike marks) 1" thick Nuron™ layer encases a 3" x 4" structural aluminum extrusion, which receives a primer coat and a hard enamel finish coat
- Adjustable to both 30" and 36" heights, exclusive pivot device makes it possible for just one person to raise and lower crossbar
- Bottom bar locks the braced legs together to stabilize and secure under the hardest use
- Thru bolts permanently attach crossbar rather than lag bolts, which can loosen over time
- Sets of four include: one 5-meter-wide hurdle and three 4-meter-wide hurdles
- Silkscreening available
- All stainless steel, 1/4" frame and 8" semipneumatic Rollaway Steeplechase Wheels also available

PSH-4A (set of 4) \$7,950
PSH-1A (one only) \$2,295
RW-PSH (rollaway wheels) \$425

Adjustable Water Jump Hurdle

- Heavy-wall 4" sq. aluminum posts inserted into ground sleeves
- Aluminum safety barrier included
- All-white crossbar fabricated of 1" thick Nuron™ layer encases a 3" x 4" structural aluminum extrusion - silkscreening available
- Exclusive pivot post makes it possible for just one person to raise and lower the crossbar to the 30" and 36" heights
- Thru bolts attach crossbar to frame
- Ground sleeves and caps included

WJH-2XA \$3,350 WJH-FS (use only with WJFS) \$3,700

Portable Adjustable Water Jump Hurdle

- Heavy-wall 4" sq. aluminum arc-welded frame withstands significant stress
- Aluminum safety barrier included
- All-white crossbar fabricated of 1" thick Nuron™ layer encases a 3" x 4" structural aluminum extrusion silkscreening available
- Exclusive pivot posts can be raised or lowered independently to 30" and 36" heights
- Thru bolts attach crossbar to frame

PWJH-2XA

\$3,350

Track Curbing

Outdoor Curbing

- Structural aluminum tubing is pre-bent to reduce stress on track surface
- Installation only requires from 12 to 24 holes in your track surface, while other systems require literally hundreds of holes to be drilled to keep curb séctions in place under tension
- Interlocking joints between 20' sections are precision machined for a snug fit requiring no hardware connectors - allows expansion and contraction for stability under all conditions
- Welded aluminum drain pads raise curb 1/2" off the track surface and allow water and debris to run off freely

3AC (silver mill finish) \$11/linear foot 3AC-S (silver anodized finish) \$14/linear foot

Indoor Curbing

- Features needle spikes rather than positioning posts to keep it in place, so there's no need for drilling holes for installation
- More economical choice because drain pads aren't required indoors (see inset photo on right)
- Units come in approximate 10' lengths

4AC (silver mill finish) 4AC-S (silver anodized finish) \$13/linear foot

\$10/linear foot

Curbing Cart

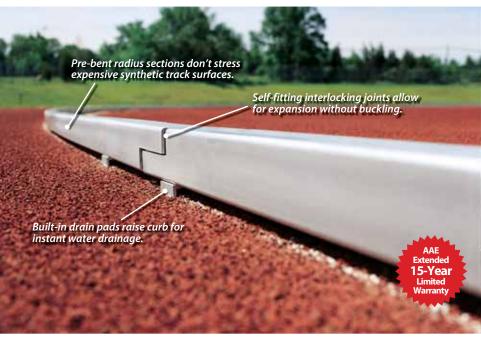

- Makes set-up & removal of curbing a breeze
- Heavy welded aluminum frame construction with pneumatic tires

ACC \$800

Rotating Track Gates

- Reduces traffic on the inside three lanes and lessens wear-and-tear on track surface
- Made with structural aluminum beams welded to a round vertical post that slips into an aluminum ground sleeve
- Specially designed base has four notches that affix the gate in an open or closed position, so it will not swivel
- RTGL model adds a locking feature with a combination lock, so that only authorized personnel may rotate gates
- Gate extensions, which restrict additional lanes, are also available

RTGL-4 (with locks, set of 4) \$4,650 \$1,200 RTGL (with lock, one only) RTG-4 (without locks, set of 4) \$4,050 RTG (without lock, one only) \$1,050

AAE Track Curbing is elegant in concept, simple to install and built for permanence. There is no other track curbing like it in the world.

The Track Curbing preferred by more schools, colleges and universities.

AAE was the first to introduce aluminum track curbing, way back in 1959. Since then, we've been imitated, but never duplicated. Maybe that's why so many schools and universities look to AAE for curbing that will last a lifetime. Required by NCAA and IAAF, and recommended by the National Federation of High Schools, our aluminum curbing is preferred for several important reasons.

First, curved sections are pre-bent to fit your track, and stay perfectly aligned,

4AC sits flush on track instead of being raised by drain pads

unlike synthetic curbing that tends to "snake out". Drain pads lift the curb 1/2" off the track surface for immediate drainage of water and debris, even in the heaviest rains. Our exclusive center-post mounting system greatly reduces installation labor. Plus, you can accommodate special

Pole Vault & High Jump Standards

Premier Pole Vault Standards

- Aerospace aluminum frame won't bend even when fully extended
- NCAA/IAAF designed for 7' to 21' vaults
- HSX adjusts from 7' to 19'
- Low-profile base with hi-performance rubber wheels for effortless adjustments
- Includes two aluminum runway frames (ARF-52) to help ensure proper standard location
- Heavy duty telescoping upright easily adjusts to clearly marked English and metric units
- High visibility yellow offset arm with multiheight pins for all levels

PVS-HSX (7' to 19') \$2,350/pr.
PVS-NCAA (7' to 21') \$2,450/pr.
PVS-IAAF (7' to 21') \$2,450/pr.
ARF-52 (fits all models) \$375/pr.

AAE supplies anchoring hardware for securing standards to concrete pads - required by rule. For natural or synthetic turf installations, anchoring hardware is supplied at no charge.

Mega High Jump Standard

- Custom built aluminum outer tube permits inner tube/pad assembly to travel freely
- All heights marked English and metric scale
- Crossbar pad easily adjusts from 3' to 9'
- Sturdy, low-profile base
- Rollaway wheels simplify moving and storage

MJS (3' to 9')

\$1,250/pr.

Pole Vault Standard Pads

- Attaches to standard for 72" of added safety
- Premium foam encased in double-coated vinyl
- High visibility yellow
- Heavy-duty, synthetic buckle straps in five locations keep it in place

PVS-PAD \$595/pr.

Regulation High Jump Standard

- Low-profile base supports a 2" box-end aluminum upright
- Marked in English units from 4' to 7' 6" and adjustable to even lower levels
- Meets requirements for competition at all levels, international to lowest scholastic level
- Rollaway wheels make moving easy

RJS (4' to 7'6")

\$650/pr.

Pole Vault & High Jump Crossbars

- Fiberglass shafts with synthetic shock-absorbing plugs on ends for longer life
- Exclusive vinyl end-covers provide anchor points to hold bar secure even in stiff winds

XG5 (14' 10") \$94 XG4 (13' 1-1/2") \$92 XG4/5 (set of four - 2 XG4 & 2 XG5) \$300/set

Pole Vault Pads & Accessories

Every AAE Pole Vault Landing Pad features: "White Caution Zone" to assist vaulters of all levels with visually identifying their landing positions prior to impact; "Color ID" - modular units are only ready for use when color competition top is visible (otherwise units are gray); all seams on vinyl-coated mesh tops are welded & quad-stitched for maximum strength; all skirts are 18 oz. double knife-coated vinyl; box-tacked buckling system with military-spec velcro; heavy duty canvas handles; military-spec hardware components; heavy 22 oz. double knife-coated vinyl encasement bottoms.

AAE Extended 10-Year Limited Warranty

SPV-30XL

- 3 Base Units (each 30" x 7' 2" x 13')
- 2 Front Units (each 30"- 18" x 6' 6" x 8' 3")
- 2 Front Units (each 18" x 4' 6" x 9' 7")

AC-8AS (4' x 8' with side rails)	\$2,700

Permanent Cages

Discus Cages

- All-aluminum 4" dia. posts feature offset design to prevent discus ricochet
- Weather-treated nylon main safety net, 340 psi strength, can be set up and taken down with a simple pulley system
- Optional backup net available to keep onlookers at a safer distance from main safety net
- HS model: (6) posts are used to hoist main safety net $14' \times 54'$; backup net $7' \times 61'$
- College model: (8) posts are used to hoist main safety net $20' \times 63'$; backup net $8' \times 92'$
- International model: (7) posts are used to hoist main safety net 14' x 63'; backup net 7' x 70'

HSDC (HS)	\$3,650
BN-HSDC (backup net)	\$725
CDC (NCAA) BN-CDC (backup net)	\$4,500 \$825
IDC (IAAF) BN-IDC (backup net)	\$3,900 \$800

Discus Cages Swivel Gate Extensions

- Offers more protection for any previously purchased AAE Discus Cage by securing gate frame and attaching additional net
- Structural aluminum frame easily attached to existing end posts with specially designed swivel adapter

HSDC-SGE (set of two)	\$1,950
HSDC-SGE/1 (one only)	\$1,250
CDC-SGE (set of two)	\$2,450
CDC-SGE/1 (one only)	\$1,550

Hammer-Discus Cages

- CHDC model cages meet NCAA rule specifications and IHDC model cages meet IAAF rule specifications, NCAA Recommended Height (RH) model cages meet both NCAA and IAAF
- Aluminum posts have 36" cantilevered offset to secure main safety net, on inside of cage, reducing chance of implements striking framework
- Gate's frame structure features 3/8" thick rubber surface on the complete inside face helping reduce damage to the framework
- Exclusive double-ply net made with 2-1/2" square #820 knotless nylon featuring 800 psi strength used on both the main net and gate nets
- Optional backup net available to be installed outside cage to keep people away from potential "danger zone" near main safety net
- Swinging gates give flexibility of narrowing throwing area for hammer event and meets NCAA rule specifications- accommodates right-handed or lefthanded throwers
- Hammer Gate Wheel Locks anchor left, right or both gates in position to avoid accidental movement
- Special "cable-frame" design on outer vertical gate edge to eliminate the framework in the area most frequently struck

NCAA Recommended Height (RH) models only:

 Reflects a recommendation by the 2010-2011 NCAA Rules Committee to achieve a recommended minimum height of 8 meters (26'-3"), which our RH models exceeds with a main net at 9.14 meters high (30') and swivel gates at 10.05 meters high (33'); legal for NCAA/IAAF throws events

CHDC (NCAA) BN-CHDC (backup net)	\$21,500 \$1,635
CHDC-DUAL (NCAA - dual pad) BN-CHDC-DUAL (backup net)	\$23,500 \$1,780
CHDC-RH (NCAA/IAAF - single pad) BN-CHDC-RH (backup net)	\$28,350 \$1,635
CHDC-DUAL-RH (NCAA/IAAF - dual pad) BN-CHDC-DUAL-RH (backup net)	\$31,495 \$1,780
IHDC (IAAF) BN-IHDC (backup net)	\$23,150 \$1,635
IHDC-DUAL (IAAF - dual pad) BN-IHDC-DUAL (backup net)	\$25,550 \$1,780
HDC-GL (gate lock)	\$595

Portable Cages

Portable Discus Cages

- All-aluminum 4" diameter posts 14'/17' high with 3' offset meets stringent NFHS & NCAA rules and regulations
- Precisely angled brackets, combined with exact length support braces, allow for a repeatable cage assembly - adds stability and eliminates human error
- Offset eye-bolts secure bottom of net to base
- Main net and backup nets are included

HSDC-P (HS) \$8,850 CDC-P (NCAA) \$12,150

Premier Outdoor Throwing Platform

- Versatile outdoor platform designed to be used in conjunction with our Portable Discus Cage for discus events only
- Two identical panels, with recessed handles for lifting, strap together during use
- Each panel features a three-layer construction: a structural aluminum inner core; a 1" thick plywood surface with DuraThrow™ coating; and a synthetic rubber top for minimal friction

P \$5,500

Portable Indoor Weight Cage

- Designed to maintain a constant protective height of 12' (custom heights also available)
- Constructed of completely welded 4" sq. heavywall aluminum frames
- Heavy-gauge, double-ply HTPP knotless netting attaches to a seamless welded bar weave
- Includes RW-PIC-35 Outrigger-style Wheels that keep cage raised permanently (1-1/2" off ground) to facilitate everyday moving, includes set of five wheels
- Optional hinged gates available to adjust cage for left or right-handed throwers; Meets 2011-2012
 NCAA Rule
- Cage can also be used for the Shot Put Event

PIC-35 (cage & wheels only) \$13,650
PIC-35-PKG (cage, gates & wheels) \$17,350
PIC-35-GATES (gates only) \$5,795/pr.
RW-PIC-35 (wheel upgrade, set of 5) \$995

Custom fabricated cage (4' added height and 7' 6" added depth) shown at Kansas State University. Call for details and pricing.

Premier Indoor Throwing Platform

- Versatile, top-quality platform for indoor shot put or weight throwing events
- Two identical panels that are strapped together during use
- Each panel features a three-layer construction: a structural aluminum inner core; a 1" thick plywood surface with DuraThrow™ coating; and a
- synthetic rubber top for minimal friction
- 1/4" thick rubber pads on bottom of each panel protects flooring and prevents movement
- Four recessed handles on each panel for lifting

PIP (includes one STBC)

\$4,450

Throwing Event Accessories

ShotStopper System - 28" High

- Designed as a protective barrier for the shot event, allowing spectators to corral in stadium fashion
- Panels easily cross over for use behind goals in field hockey venues
- Standard panels measure 2"D x 28"H x 14'L
- All-aluminum, welded design has been optimized for both stability and durability
- Panels share aluminum bases with welded hinge
- Padding can be customize with silkscreen at additional cost

\$4,095 SS-70/28 (5 panels) SS-42/28 (3 panels) \$2,950

Shot Return Systems

- Creates designated area for participants to retrieve their shot implement rather than walking out into a danger zone
- Constructed of 4" sq. vertical aluminum supports with welded mounting brackets/bases
- Custom return channel tapers from a 30" height down to ground level then brings the shot back up via a 9' slowing ramp
- Pick-up area has rubber-backed stop plate

SRS-50 (50' HS model) \$1,800 \$2,100 SRS-70 (70' NCAA model)

ShotStopper

- Manufactured from pre-bent 2" x 5" structural aluminum tubes
- Bonded 1/4" synthetic surface to cushion and protect implements

SS-60 (three 20' sections) \$1,450 SS-40 (two 20' sections) \$1,100

Chalk Stand

- Conveniently store sports chalk near the throwing fields during practice and competition
- Fabricated of 1-3/4" dia. x .125" wall x 54" overall height aluminum post with 1/4" thick welded mounting plate
- Weighted steel base features tilt and roll wheels for maximum mobility
- Acrylic bin 16" diameter with 6" diameter hand hole - slowly pivots on the aluminum cradle to best angle for individual athletes to reach in
- Hinged wind blocker stays put whether open or closed - customize with your school logo

CS-B \$795

Laser Throw Sector Finder

- Pinpoint and record implement landings with ultimate precision
- Laser Alignment Base Unit features an aluminum base with leveling pads; welded to precisely 34.92
- Two laser units with levels in canvas storage bags
- Laser Alignment Markers have reflective tape to increase laser visibility in sunlight
- Carrying Case fits all LTSF kit components in its eggcrate-style foam lining to protect equipment

LTSF \$595

Aluminum Implement Carts

- Rugged, lightweight welded aluminum frame
- Unique poly-top cushions implements and keeps them securely in place
- Front swivel semi-pneumatic wheel casters

AMC (javelin/shot/discus) \$1,025 AJC (javelin only) \$1,025 ADC (discus only) \$1,025 \$1,025 ASC (shot only)

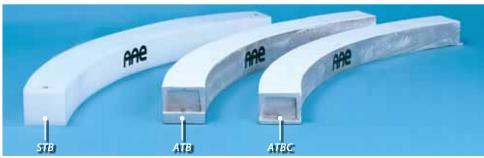

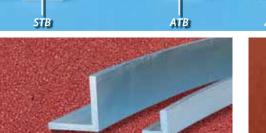

Throwing Equipment

PRODU	CT	DESCRIPTION	MODEL	PRICE
	Brass Shot	■ Brass turned on CNC lathe	4KB (women's 4 kg.) 12B (high school men's 12 lb.) 16B (college men's 16 lb.)	\$132 \$144 \$154
	Stainless Steel Shot	■ Stainless steel turned on CNC lathe	4KSS-95 (women's 4 kg.) 12SS-103 (high school men's 12 lb.) 16SS-110 (college men's 16 lb.)	\$135 \$145 \$185
	Cast Iron Shot	Solid cast iron, rough cast surface Made to exact weight and specification	4KI (women's 4 kg.) 12I (high school men's 12 lb.) 16I (college men's 16 lb.)	\$40 \$45 \$52
	Steelcase Shot	Machine-turned solid steel shell filled with lead to exact weight and specifications	4KS-100 (women's 4 kg100 dia.) 4KS-104 (women's 4 kg104 dia.) 4KS-108 (women's 4 kg108 dia.) 12S-108 (h.s. men's 12 lb108 dia.) 12S-115 (h.s. men's 12 lb115 dia.) 12S-117 (h.s. men's 12 lb117 dia.) 16S-120 (college men's 16 lb120 dia.) 16S-125 (college men's 16 lb125 dia.)	\$70 \$60 \$61 \$84 \$66 \$86 \$99 \$88 \$77
	Hard Shell Plastic Shot	Use for practice or indoor competitions since polypropylene holds its shape, even after landing on hard, artificial surfaces	4KP (women's 4 kg.) 12P (high school men's 12 lb.) 16P (college men's 16 lb.)	\$82 \$96 \$112
	Soft Shell Indoor Shot	Specially formulated vinyl with 100 times the flex strength of PVC Provides scuff-proof, soft landings on indoor floors - sticks where it lands Shell filled with small lead pellets to exact specified weight	4KP-SN (women's 4 kg.) 12P-SN (high school men's 12 lb.) 16P-SN (college men's 16 lb.)	\$77 \$87 \$115
0 8	Harper's Angels Pink Plastic Discus	 AAE will donate \$25 to JDRF for each discus sold High impact ABS pink plastic/solid steel rim - 70% rim weight 	PWD-HA (women's 1 kg.) PHD-HA (high school men's 1.616 kg.)	\$75 \$80
0	Gold Discus	Hollow, reinforced ABS white plastic sides Brass rim is 86% of weight for advanced performance	GWD (women's 1 kg.) GHD (high school men's 1.616 kg.) GCD (college men's 2 kg.)	\$180 \$195 \$295
•	Blue Star Steel Discus	 Hollow, reinforced ABS blue plastic sides Stainless steel rims offer sure grip and are 83% of weight for maximum performance 	SWD (women's 1 kg.) SHD (high school men's 1.616 kg.) SCD (college men's 2 kg.)	\$115 \$125 \$135
•	Hi-Spin Wood Discus	Made of hardwood laminated in tight circular pattern with hollow core center design 80% of weight located in sandblasted steel rims	HWD (women's 1 kg.) HHD (high school men's 1.616 kg.) HCD (college men's 2 kg.)	\$95 \$100 \$105
0	Wood Discus	High strength wood, laminated in circular pattern and solid steel rim	WWD (women's 1 kg.) WHD (high school men's 1.616 kg.) WCD (college men's 2 kg.)	\$52 \$59 \$64
0	Plastic Discus	High impact ABS plasticSolid steel rim - 70% rim weight	PWD (women's 1 kg.) PHD (high school men's 1.616 kg.) PCD (college men's 2 kg.)	\$65 \$71 \$80
	Rubber Discus	Molded of durable solid rubber to regulation size and weight	RWD (women's 1 kg.) RHD (high school men's 1.616 kg.) RCD (college men's 2 kg.)	\$18 \$20 \$22
	Vinyl Discus Carriers	 Double-stitched, heavy duty knife-coated vinyl carrier Holds two regulation-sized discii Shoulder strap and/or handle for versatile use 	VDC (handle only) VDC-S (handle/shoulder straps)	\$25 \$28

Throwing Surface Equipment

Aluminum Throwing Circles

- Pre-formed to exact diameters for construction of concrete throwing pads
- Discus circles are 8' 2-1/2" diameter and Shot/ Hammer circles are 7' diameter
- Vertical angle becomes the actual wall of the 3/4" recessed throwing circle
- Both models available in 1" x 1" and 2" x 2"

DC (discus, 1" x 1")	\$275
DC-2 (discus, 2" x 2")	\$395
SC (shot/hammer, 1" x 1")	\$260
SC-2 (shot/hammer, 2" x 2")	\$385

Indoor Shot Put Platform

- Durable plywood circle for indoor practice
- Rimmed with a 3/4" aluminum channel
- Padded underneath to protect floors
- Folds up on a hinge for convenient storage
- Ideal for use with our ATBC or STBC Toe Boards (not included)

ISP-4 (platform only)

\$1,350

Synthetic Javelin Stopboard

- Fabricated of 1/2" thick x 2" wide white HDPE, which is chip resistant
- Includes a stainless steel hinge that allows for easy storage

SJS-H \$425

Throwing Form Systems

- Nominal 10' x 10' x 6"completely welded aluminum concrete form system
- 2" x 2" x 1/4" thick aluminum angle circles
- DFS is 8'2-1/2" dia. and SHFS is 7' diameter
- Assembles in two (2) halves with Concrete-Flo™ design system grid pattern
- 3/4" offset concrete screed line for discus event
- Drain tubes included to flush water into crushed stone sub-base

 DFS (discus)
 \$2,250

 SHFS (shot/hammer)
 \$2,450

Flush Mount Throwing Circles

- Solid 3/4" sq. aluminum bar creates a throwing circle on a concrete pad
- Attaches to concrete with stainless steel hardware via concrete anchors
- 8' 2-1/2" diameter for discus event
- 7' diameter for shot and hammer events

DC-FM (discus) \$350 SC-FM (shot/hammer) \$330

- Synthetic or cast aluminum models both meet all rule specifications
- Available for level or recessed throwing areas
- Custom silkscreen available upon request

STB (level pad) \$335 ATB (level pad) \$475 ATBC (depressed pad) \$475

Webbed Circles

- Easier installation for contractors assemble, level, anchor and then pour the concrete pad around it
- 2" x 2" x 1/4" thick aluminum angle circles
- Discus circles are 8' 2-1/2" diameter and Shot/ Hammer circles are 7' diameter
- Welded in two halves with angle bracing
- Simple assembly using three bolts and nuts

WDC (discus) \$800 WSHC (shot) \$800

Synthetic Hammer-Discus Conversion Ring

- Reduces an existing 8' 2-1/2" discus circle to official 7' diameter for the hammer event
- Made of 3/4" thick x 7" wide white HDPE, will not rot like wood conversion rings
- Quarters interlock by tongue-and-groove design

HDR-S \$795

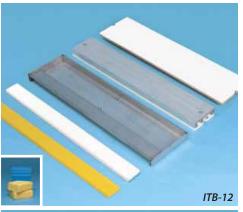

Aluminum Javelin Stopboard

- Fabricated of 1/4" thick x 2" wide durable aluminum for minimal maintenance
- Includes a stainless steel hinge that allows for easy storage

AJS-H \$595

Take-Off Boards & Vault Boxes

12" Take-Off Board Systems

- Designed for IAAF (ITB) and NCAA (CTB) programs participating at the highest level and provide multiple variations/options in usage
- Stainless steel tray houses 8" wide board
- Competition board made of 3/4" all-white reversible Nuron™ jumping surface bolted to structural Aluminum Core with factory applied 1/2" track surface (painted white) on reverse side of 12X models only
- Blanking Cover with 1/2" black track surface preapplied on 12X models - all other models must have contractor apply track surface
- White Nuron™ Foul Board with Plasticene and Trowel included with ITB models only
- Synthetic Foul Strip painted yellow included on all models for optional usage
- Leveling mechanism (L models) available to permit further adjustments after installation

ITB-12X (with track surface)	\$995
ITB-12 (without track surface)	\$865
CTB-12X (with track surface)	\$1,150
CTB-12 (without track surface)	\$865
CTB-12X/L (with track surface/leveling)	\$1,450
CTB-12/L (without track surface/leveling)	\$1,250
NRB-8 (Nuron replacement board)	\$95

8" Take-Off Board Systems

- Most popular system for high schools and most colleges not requiring a foul board
- Stainless steel tray houses 8" wide board
- Competition board made of 3/4" all-white reversible Nuron™ jumping surface bolted to structural Aluminum Core
- Factory applied 1/2" thick painted white track surface for CTB-8X (contractor must field apply for CTB-8)
- Both models provide three (3) jumping surfaces for a triple extended life

CTB-8X (with synthetic surface)	\$595
CTB-8 (without synthetic surface)	\$540
NRB-8 (Nuron replacement board)	\$95

16" Take-Off Board Systems

- Designed for lower level competition where a more visible jumping surface is desired
- Stainless steel tray houses 16" wide board
- Competition board made of 3/4" all-white reversible Nuron™ jumping surface bolted to structural Aluminum Core
- Factory applied 1/2" thick painted white track surface for HTB-16X (can be applied to HTB-16 if desired)

HTB-16X (with synthetic surface)	\$840
HTB-16 (without synthetic surface)	\$770
NRB-16 (Nuron replacement board)	\$165

Vault Box & Covers

- Stainless steel box precisely constructed to official specifications
- Optional stainless steel cover has hinge fittings, which lock into position over cover
- Reinforced cover also available for high traffic areas
- Synthetic surface can be applied to cover
- Optional 3/8" vertical lip can be added to retain contractor's applied surface on cover
- No rusting, warping or splitting

SSVB (box)	\$675
SSVC (cover)	\$575
SSVC-X (reinforced cover)	\$675
SSVC/L (cover/lip)	\$675
SSVC-X/L (reinforced cover/lip)	\$750

Pit Covers & Accessories

Aluminum Pit Cover

- Keep sand dry, clean and in the pit, and add a dimension of safety
- Structural aluminum planks are welded into individual panels
- Recessed top for on-site application of synthetic track surface or synthetic turf
- Panels are custom made to fit your pit and rest on the formed concrete ledge
- Concrete borders without a pre-formed ledge, can use our APC-LEDGE to create a bearing surface to support our APC panels
- Insertion removal tools (four included) allow only authorized personnel to adjust panels
- Optional auxiliary support beams available for high/heavy traffic areas

APC-LEDGE

\$34/sq. ft. \$12/linear ft.

Vinyl Pit Covers

- VMPC is vinyl mesh, designed to keep your pit free of debris and other hazards, while permitting water to drain thru
- VSPC is made of a solid vinyl that will keep everything, even water, out of your pit
- Available with velcro pockets (see inset photo) for insertion of plastic sand bags or with weighted chain
- Custom manufactured to your pit dimensions

VMPC (vinyl mesh) \$2.50/sq. ft.
VSPC (solid vinyl) \$2.50/sq. ft.
VSPC-W (solid vinyl, weighted chain) \$2.75/sq. ft.

Portable Indoor Long/Triple Jump Pit

- Perfect alternative to using a sand pit to practice the long jump and triple jump events
- Overall dimensions 6'W x 15'L x 10"H, Rear Wedge Pad 4'H
- Features top breather mesh fabric sewn to 18 oz. double knife-coated vinyl with 22oz. vinyl underlay
- 10" thick urethane foam helps absorb impact and rear wedge foam provides additional safety during jumps

PILTJP

\$3,250

Portable Runway Surfaces

- Protects running tracks and synthetic turf from needle spikes by creating a temporary walkwayperfect for high traffic areas
- Fabricated of an unique rubber-polyurethane compound, which stands up to all weather conditions

PRS-8 (8 mm - 5/16") \$2.85/sq.ft.
PRS-10 (10 mm - 3/8") \$3.50/sq.ft.
PRS-12 (12 mm - 1/2") \$3.95/sq.ft.

Pit Forms & Accessories

Pit Form Systems

- Eliminates the expense of concrete just assemble our form system, level it out, back-fill it, add the sand and you're done
- Manufactured with 12-gauge galvanized steel with reinforced aluminum beams
- Galvanized finishing cap accepts a poured synthetic surface
- Assembles in 8 sections for the H.S. model and 10 sections for NCAA
- Optional Sand Storage Compartment (PFS-SSC) is built into our form system and features a fabricated ledge that divides the main pit from the storage compartment, where sand can be stored to allow the APC covers to sit flush
- Sand Catcher models available as an alternative to our Sand Storage Compartment option, substituting removable, structural aluminum lids around perimeter for sand control

PFS-HS (HS, 3m x 7m)	\$10,850
PFS-NCAA (NCAA, 3m x 9m)	\$11,950
PFS-SSC (sand storage compartment)	\$1,650
PFS-HS-SC (HS w/ sand catcher)	\$14,750
PFS-NCAA-SC (NCAA w/ sand catcher)	\$15,750
PFS-HS-PRS (HS, rubber surface)	\$850
PFS-NCAA-PRS (NCAA, rubber surface)	\$1,150

Internal joint connections and structural spacers increase durability and support.

Sand Storage Compartment (PFS-SSC) keeps extra sand on-site. Included lid is supported by a bulkhead for no-sag fit.

Optional perforated rubber surface (PRS) inserts along 3 sides of perimeter to trap sand for easy refill.

Water Jump Form System

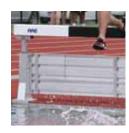

- Minimizes the labor and variables involved with forming and pouring a concrete water jump pit (overall size is 3.66m x 3.66m)
- Consists of three (3) pre-assembled sections with concrete screed angle border inside
- Concrete-Flo™ design system adjoined by reinforced galvanized brackets and aluminum supports with stainless steel hardware

Internal gate valve allows for quick and easy drainage of the water jump pit.

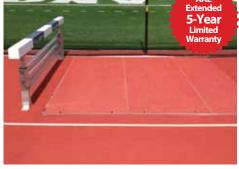

- Front form section includes water-tight sealed drainage system for emptying water after events and remains open during winter months
- Drainage system consists of 4" schedule 40 drainage pipe with accessible shut-off valve and lockable access panel

WJFS

Water jump hurdle (WJH-FS) shown features a mounting plate used in conjunction with our Water Jump Form System.

\$8,450

Water Jump Cover

- Simple to set-up and tear-down because it's made in easy-to-carry sections
- 4" sq. structural aluminum beams tapered for smooth fit and added strength
- Aluminum panels feature a recessed top for synthetic track surface application
- Specially engineered side notches accept our Insertion Removal Tool for simple lifting and moving of panels (4 IRTs included)

WJC \$6,950

pedal adjustment

of a rock-solid start

From Start ...

MACH-2

- Top-quality stainless steel unibody rail engineered for extra stability
- Friction-free UHMW glider allows instant and effortless foot pedal adjustment
- Pedals adjust to 4 different angles up to 20 different settings for each pedál
- Unique spike pattern grips track better to give sprinters full benefit of a rock-solid start

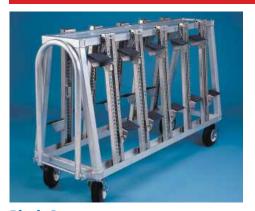

MACH-1 \$290

Other model starting blocks available. Call for details.

Top-quality stainless steel unibody rail engineered for extra stability

Unique spike pattern grips track better to give sprinters full benefit

Friction-free UHMW glider allows for instant and effortless foot

Block Cart

- Easily move blocks to different starting positions
- Stores up to 10 starting blocks (AAE or others)
- Sturdy welded aluminum frame construction
- Front swivel semi-pneumatic wheel casters
- Heavy duty handle

ABC \$1,150

Lane Markers

- Thick, low-density polyethylene (20" sq. base, 22" high) with silkscreened black numerals
- Light enough to move easily, yet heavy enough to resist wind
- Nest together for compact storage

\$925 LM-8 (set of 8) LM (one only) \$120

Locking Block Cart

- Specially designed hinged stainless steel angle locks in place (see inset above)
- Secures 10 MACH-1 or MACH-2 blocks
- Sturdy welded aluminum frame construction
- Heavy duty handle locks in upright position when not in use

ABC-L \$1,375

Bell Lap Counters

- Keeps runners aware of "laps-to-go"
- Numerals change with the flip of a lever
- Quality brass bell for "last-lap" signal
- Choice of rollaway base or ground sleeve

BC-B (rollaway base) \$775 BC-S (ground sleeve) \$695

Aluminum & Synthetic Batons

\$395

Aluminum or unbreakable plastic tubing with safetyrolled edges

- Official weight and size
- Available in variety of colors
- Customize for events

CENTRAL TRACK

BA (aluminum) \$6.50/ea. ABA (alum. award) \$168/dz. \$4.50/ea. BS (synthetic) ABS (syn. award) \$144/dz.

Starter's Platform

- Structural aluminum frame with a stabilized support rail
- Elevates starter above field for clear visibility to officials and spectators
- Pneumatic wheels are mounted on stainless steel axles and remain on when in use

SP \$1,208

...To Finish

Premier 5-Step Judges' Stand

- Sturdy and portable option that comfortably accommodates up to 25 officials
- Four double-depth structural aluminum plank steps with an extra large top platform
- Galvanized steel understructure
- Heavy aluminum security rail and crossbracing
- Center-mounted, engaging pneumatic tires with stainless steel axles and handles

TJS-5XL

\$3,595

Official Finish Posts

- Aluminum uprights are 2" x 5" x 1/8" wall with rounded corners for safety
- Powder-coated white for high visibility
- Available with ground sleeve or rollaway base

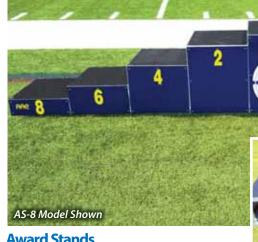

IFP-B (rollaway base) \$720 IFP-S (ground sleeve) \$650

Camera Support Post

- Aluminum structural tubing upright and base with factory-weighted base for added stability
- Welded offset arm features a dual camera mounting bracket
- 4" diameter wheels make relocation a snap
- Use in conjunction with the Lynx timing systems (see page 24 for more info)

CSP-B \$1,500

Award Stands

- Fabricated with aluminum tubing welded into modules that easily bolt together
- Each module has 24" sq. non-slip, rubber top
- Large numbers silkscreened on aluminum placards display the place
- AS-7 and AS-8 models include aluminum frame rear entry steps (see inset photo)

Custom powder-coating and silkscreening also available for additional charge

AS-3 (3-step)	\$1,500
AS-5 (5-step)	\$2,750
AS-6 (6-step)	\$3,700
AS-7 (7-step)	\$4,325
AS-8 (8-step)	\$5.050

Championship Award Stand

- Structural aluminum 4' x 10' understructure
- Synthetic 3/8" top surface
- 1/8" sheet aluminum border, powder-coated in color of choice, for school name and/or logo display

AS-C

In memory of our dear friend, Dave Bryan, AAE will donate \$500 to ALS for every AS-C sold

Surface Savers

NEW! Surface Savers

- Protects your track and/or turf from wear & tear
- Perfect for saving your track from spectators in and around field events
- Great for protecting natural turf in front of and around batting cage and high-wear areas
- Heavy duty, 14 oz. ArmorMesh cover retains durability, even from cleats, and allows water to drain (available in colors shown below)
- Premium 15 oz. Blanket-Style non-woven, polypropylene material that retains durability, even from cleats (heather-gray only with binding in colors below)
- Weighted around perimeter (see inset photo) no sandbags or stakes necessary
- Custom graphics printed directly onto the material via the TuffPrint™ process: ultra-durable imaging using premium inks of unlimited color selection and gradient shading

TFS-ARMOR TFS-BLANKET

\$2.50/sq.ft. \$2.75/sq.ft.

Portable Runway Surface & Cart

- Traditionally used to create better runways for long jump and triple jump competitors
- Protects running tracks and synthetic turf from needle spikes - perfect for high traffic areas
- Fabricated of an unique rubber-polyurethane compound that stands up to all weather conditions
- Available in 10mm (3/8") or 12mm (1/2") thicknesses
- Custom cut to your specified length at these standard widths: 36", 42" or 48"
- Vinyl-coated steel cart with casters & removable handle available to easily load and store heavy rolls of PRS

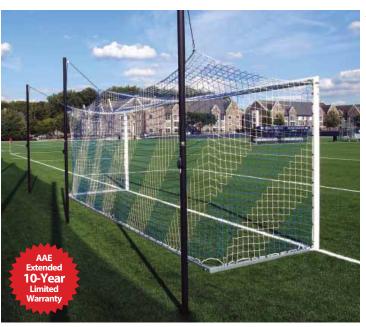

PRS-8 (8mm - 5/16") \$2.85/sq.ft.
PRS-10 (10mm - 3/8") \$3.50/sq.ft.
PRS-12 (12mm - 1/2") \$3.95/sq.ft.
PRS-CART \$375

Soccer Goals & Accessories

■ EUROPA Semi-Permanent International Soccer Goals

- Many teams "state side" increasingly prefer this top-quality international "Box" style football goal that features three (3) rear vertical pole stays with seamless "U" shape groundbar
- Official size (24' wide, 8' high, 6' top and 6' bottom depths)
- Engineered from hi-tech aluminum alloys for maximum durability
- Goal mouth and groundbar fabricated of 4" diameter slotted heavy-wall aluminum extrusion
- Completely welded crossbar incorporated into a one-piece design for stability (no horizontal joints)
- Uprights insert into ground sleeves with welded groundbar hinge attachment
- Three piece groundbar with net clip slot seamlessly attaches net and hinges up and is secured to uprights for any grass/turf maintenance
- Specially designed, heavy-duty UHMW insert at corner joint of main frame provides tight seal that prevents shifting over time
- Slotted extrusions designed to accept MNC Molded Net Clips for quick net attachment and removal - soccer nets sold separately
- Goal face features white powder-coated finish for minimal maintenance

SGR-SP/I \$4,995/pr.

EUROPA Portable International Soccer Goals

- Gaining popularity in the U.S., this international style soccer goal features small loop stays with seamless "U" shape groundbar
- Official size (24' wide, 8' high, 3' top and 8' bottom depths)
- Engineered from hi-tech aluminum alloys for maximum durability
- Goal mouth and groundbar fabricated of 4" diameter slotted heavy-wall aluminum extrusion
- Completely welded, one piece "L" shape upright and groundbar
- Crossbar and groundbar incorporate one-piece design for stability
- Specially designed, heavy-duty UHMW insert at corner joint of main frame provides tight seal that prevents shifting over time
- Slotted extrusions designed to accept MNC Molded Net Clips for quick net attachment and removal - soccer nets sold separately
- Entire goal features white powder-coated finish for minimal maintenance
- Specially designed Pivot Bar Wheels (included) can remain attached to goal during use and easily engage for moving of goal

SGR-P/I \$5,950/pr.

Corner Flags

- Red nylon fabric mounted to 1" dia. standard (1-1/2" dia. for ICF-4 model) white PVC 60" high post
- Sold in sets of four

CF-4 (solid steel peg) \$95/set CFS-4 (solid steel peg w/spring) \$105/set ICF-4 (international ground sleeve) \$375/set

Soccer Goal Pads

- Designed to fit most any soccer goal upright
- Premium foam encased in double-knife coated vinyl
- Military-grade vinyl adjustable straps attach with heavy-duty plastic buckles

SG-PAD \$420/pr.

Molded Net Clips

- Simplifies daily net attachment and removal
- Custom molded nylon net clips insert directly into our slotted aluminum extrusions
- Each bag outfits one pair of Semi-Permanent Goals or a single Portable Goal

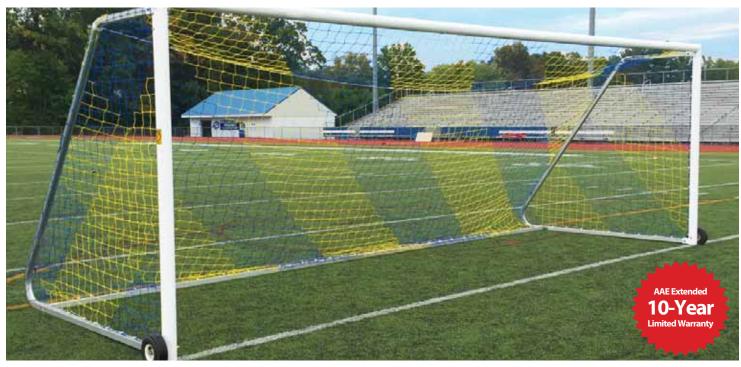

MNC-60 (60 pieces)

\$33/bag

Soccer Goals & Accessories

Portable Soccer Goals

- Official size (24' wide, 8' high, 3' top and 8' bottom depths) and engineered from hi-tech aluminum alloys for maximum durability
- Large loop stays and groundbar made of 2" sq. slotted heavy-wall aluminum extrusion with rounded safety corners
- Crossbar and groundbar each incorporate a one-piece design (no horizontal joints) for stability
- Goal mouth fabricated of 4" diameter slotted heavy-wall aluminum extrusion, which features a white powder-coated finish for minimal maintenance
- Soccer nets and grounding sand bags sold separately

- Specially designed PVC insert at the corner joint of the main frame provides a tight seal that prevents shifting over time (see inset photo on Club Soccer Goals on next page)
- Slotted extrusions designed to accept MNC Molded Net Clips for quick net attachment and removal - soccer nets sold separately
- Optional Rollaway Wheels (shown above) are 10" pneumatic tires mounted on 3/4" diameter stainless steel axle with all stainless hardware

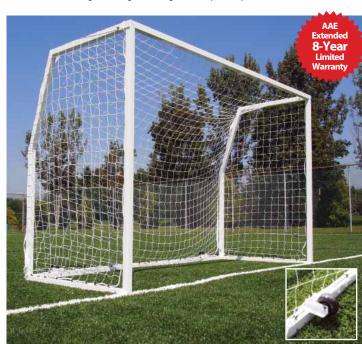

SGR-P RW-SG (set of 4)

\$4,650/pr. \$395

- Official size measures 2M x 3M, with a 1.25M deep rear ground bar
- Front frame is welded in one-piece design, as well as entire ground bar (side and rear), and contoured stays are each one-piece design, all helping stabilize goal
- Goal mouth and ground bars constructed of 2"sq. slotted heavy-duty aluminum extrusion
- Contoured stays are welded of 2" sq. aluminum extrusion with rounded safety corners
- Entire goal features standard white powder-coated finish
- Include MNC net clips for simple net attachment and/or removal
- Includes tilt-n-roll wheel (see inset photo) feature to make moving goals easier
- White futsal net included also sold separately

SG-FUTSAL-1 (goal) FN-2.3/2Mx3M (net) \$1,295/ea. \$140/ea.

Soccer Goals & Accessories

Club Soccer Goals

- Offer all of the same features as our official size soccer goals, only scaled down for youth and club teams
- For the youngest athletes, SGR-P/12 model measures 12' wide, 6' 6" high, 2' top and 5' 6" bottom depths; SGR-P/18.5 model measures 18' 6" wide, 6' 6" high, 2' top and 5' 6" bottom depths; SGR-P/21 measures 21' wide, 7' high, 3' top and 7' bottom depths, which meets all USSF small-sided game regulations for U10 and under
- Main frame for each size is fabricated of 4" diameter round, slotted heavy-wall aluminum extrusion which accept our MNC Molded Net Clips that make net attachment and removal quick and easy
- Goal mouth has a white powder-coated finish for minimal maintenance
- Specially designed PVC insert at the corner joint of the main frame provides a tight seal that prevents shifting over time
- Large loop stays and a groundbar made of 2" sq. slotted heavy-wall aluminum extrusion with rounded safety corners
- Optional Rollaway Wheels available to make moving the goals easier
- Soccer nets and grounding sand bags sold separately

SGR-P/12 (round - 6' 6" x 12')	\$3,100/pr.
SGR-P/18.5 (round - 6' 6" x 18' 6")	\$3,350/pr.
SGR-P/21 (round - 7' x 21')	\$4,150/pr.

Soccer Anchor Boxes

- Galvanized steel box hinged aluminum lid can be topped with your artificial turf
- Stainless steel anchor bar with permanently attached/lockable chain
- Can be used with any style soccer groundbar

SGAB-MF-FBC \$975/pr.

Groundbar Anchor Bracket

- All stainless steel clamp with inside rubber tips to protect powdercoated gooseneck
- Includes vinyl-coated anchor chain for easy on-field adjustment
- Fits ANY size soccer goal back

SGAB-GP \$425/pr.

Semi-Permanent Soccer Goals

- Perfect for programs leaving goals up year round
- Official size (24' wide, 8' high, 3' top and 8' bottom depths) and engineered from hi-tech aluminum alloys for maximum durability
- Uprights insert into included aluminum ground sleeves and feature 2" round small loop stays
- Goal mouth fabricated of 4" diameter slotted heavy-wall aluminum extrusion, which features a white powder-coated finish for minimal maintenance
- Standard Molded Net Clips attach via slotted extrusions for quick net attachment and removal - soccer nets sold separately

SGR-SP \$4,100/pr.

Soccer Nets

- High visibility white, polyethylene braided into 5" sq. mesh - other solid colors also available
- Now available in checkered or striped team colors

SN-3/24 (3mm - 8' x 24') \$190/pr.
SN-3/12 (3mm - 6' 6" x 12') \$210/pr.
SN-3/18.5 (3mm - 6' 6" x 18' 6") \$255/pr.
SN-3/21 (3mm - 7' x 21') \$265/pr.
SN-4/24 (4mm - 8' x 24') \$260/pr.
SN-6/24 (6mm - 8' x 24') \$375/pr.

Soccer Anchor Weights

- Portable weight system to anchor portable soccer goals
- Vinyl coated "Caution Yellow", 40 lb. steel weights with integrated hooks to secure groundbar
- Ergonomic handle design

SGW-40 \$475/pr.

Vinyl Sandbag

- 18 oz. vinyl panels measuring 18" x 18" with heavy gauge zipper
- Heavy duty canvas handles attached via Box-X stitch method

VSZ-Y (yellow)	\$46
VSZ-Y/4 (yellow/set of 4)	\$170
VSZ-W (white)	\$46
VSZ-W/4 (white/set of 4)	\$170

Football & Rugby

In 1965, AAE introduced its own football and rugby goal posts to local schools and universities. Our reputation for designing quality custom equipment is what ultimately spawned our manufacturing of the first portable football goals for the Philadelphia Eagles' summer camps in 1968. And even today, from hinged goal posts to custom endzone platforms, AAE football equipment can be found in numerous NFL stadiums.

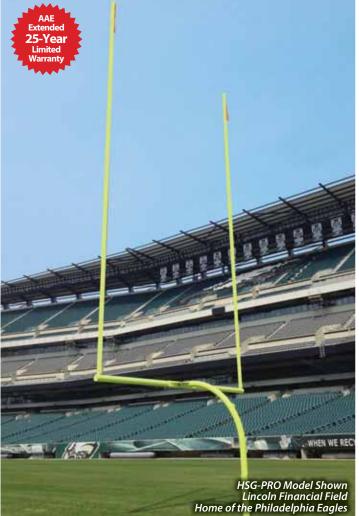

Hinged Football Goals

Hinged Offset Football Goals

- Ideal for stadiums used for multiple sports and/or events
- Allows maintenance crews to assemble and disassemble goals at ground level - easier and safer to install or remove than other offset goals
- Unique hinged base plate permits removal and reinstallation of the goals by following these easy steps:
 - 1. Simply remove anchoring bolts
 - 2. Pivot goal forward to lower to ground level
 - 3. Remove each upright and crossbar
 - 4. Disengage pin from 3/4" thick steel hinged base plate to detach centerpost
- Six-foot offset centerpost is fabricated of 5-1/2" diameter steel
- Exclusive "C-Channel" attaches to the 5-1/2" diameter heavy-wall aluminum crossbar
- Uprights are 20' high (30' for pro model), 4" diameter structural aluminum tubing
- Uprights spaced 23' 4" apart for high school, while the college and pro models are 18' 6"
- High school and college models feature a white or yellow powder-coated finish on the entire goal for minimal maintenance
- Pro models are finished with a three-step painting process with a baked enamel Day-Glo® Saturn Yellow finish for even higher visibility
- All hardware is galvanized steel

HSG-HS \$9,250/pr.
HSG-NCAA \$9,250/pr.
HSG-PRO \$11,450/pr.
HSG-HS/8 (8' offset) \$9,800/pr.
HSG-NCAA/8 (8' offset) \$9,800/pr.

Unique hinged base plate design makes erecting and dismantling the goal an easier job.

Welded bracket permits a winch and cable to mechanically raise and lower the entire goal.

■ EXCLUSIVE! The RazeR

- The RazeR is used with AAE hinged style football goal posts to automate the raising and lowering it in under 30 seconds
- Constructed of a welded reinforced steel frame
- Powder-coated in a durable safety orange
- Pneumatic wheels make unit completely portable - roll out only when needed
- Includes electric winch with remote and battery holder (battery not included)
- Facilitates replacing torn upright flags and removal of goals

RAZER \$2,250

Foundation Box & Cover

- Gives offset goals a "finished look" and creates an easy access point to remove goals
- Heavy-duty 12-gauge galvanized steel formed frame with offset angles for turf attachment
- Covers fabricated of 11-gauge aluminum with welded structural reinforcements
- Includes two box frames, two pairs of half covers and two full covers

FBC-GA/ASG (ASG goals)
FBC-GA/HSG (HSG goals)

\$1,450/pr. \$1,650/pr.

Offset Football Goals

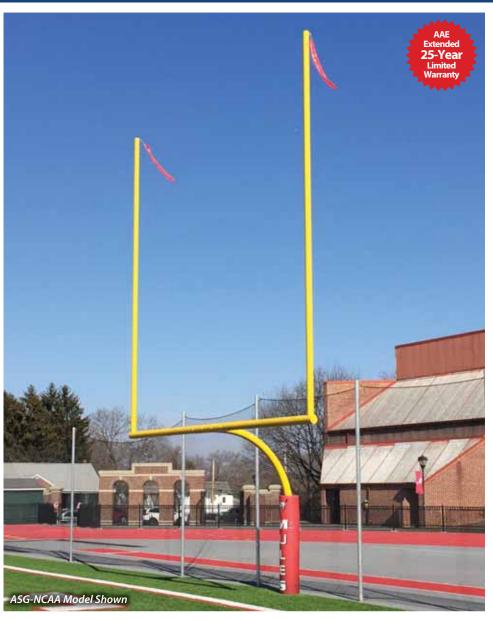

Offset Football Goals

- Six-foot offset centerpost is fabricated of 5-1/2" diameter zinc-coated and primed steel
- Welded 3/4" thick steel plate for ground anchoring
- Exclusive "C-Channel" attaches to the 5-1/2" diameter heavy-wall aluminum crossbar
- 20' high uprights (30' for pro model) are made of 4" diameter structural aluminum tubing
- Specially engineered sub-surface plate allows easy installation and adjustments - no ground sleeves
- Uprights spaced 23' 4" apart for high school, while the college and pro models are 18' 6"
- All hardware is galvanized steel
- Entire goal features a white or yellow powdercoated finish for minimal maintenance
- Optional FBC Foundation Box & Cover provides easy access for goal removal
- Custom centerpost powder-coating available for additional cost

ASG-HS \$8,100/pr. ASG-NCAA \$8,100/pr. ASG-PRO \$8,450/pr.

Want perfectly aligned uprights every time? No need for "gimmicky" adjustable upright features with your AAE goals.

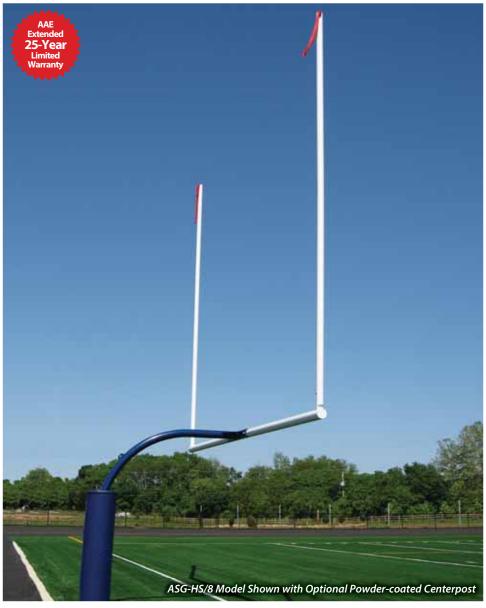

Exclusive "C Channel" design increases strength and durability.

Specially engineered sub-surface plate eliminates ground sleeves.

Offset Football Goals

8 Ft. Offset Football Goals

- Greater offset accommodates other sports goals underneath the crossbar
- Eight-foot offset centerpost is fabricated of 5-1/2" diameter zinc-coated and primed steel
- Welded 3/4" thick steel plate at bottom of centerpost for ground anchoring
- Exclusive "C-Channel" attaches to the 5-1/2" diameter heavy-wall aluminum crossbar
- 20' high uprights (30' for pro model) are made of 4" diameter structural aluminum tubing
- Specially engineered sub-surface plate allows easy installation and adjustments - no ground sleeves
- Uprights spaced 23' 4" apart for high school, while the college and pro models are 18' 6"
- All hardware is galvanized steel
- Entire goal features a white or yellow powdercoated finish for minimal maintenance
- Optional FBC Foundation Box & Cover kits make accessing the goal foundation plates for removal a simple task
- Custom centerpost powder-coating available for additional cost

ASG-HS/8 \$8,650/pr. ASG-NCAA/8 \$8,650/pr. ASG-PRO/8 \$9,000/pr.

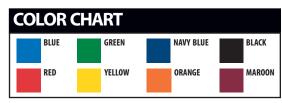

Goal Post Pads

- Designed to fit most any goal post
- Provide additional safety on the field
- Premium foam 4" and 6" thick x 78" high encased in double-knife coated vinyl
- Velcro flap allows for simple installation
- Available in blue, red, green, yellow, navy blue, orange, black and maroon (see below)

A velcro flap that runs the entire length of the pad guarantees a secure fit.

- Other colors are also available call for details
- Silkscreen your school initials or nickname for an additional charge

GP4R (4" thick) \$650/pr. GP6R (6" thick) \$795/pr.

Other colors also available - call for details. Colors shown here are as accurate as printing allows. Colors appear brighter on products when seen outdoors.

Specialty Football Goals

Spring-loaded pin makes for a quick transition in a matter of seconds.

Hinged baseplate allows for easy raising and lowering of goal.

Hinged 180° Rotational 8' Offset Football Goal Posts

- Goal post rotates 180° in opposite direction to remove football crossbar from interfering with soccer game play - only used when football and soccer share the same end line
- Hinged baseplate design allows for easy raising and lowering of assembled goal post
- Standard 8' offset gooseneck to accommodate our soccer goal's groundbar
- Eight-foot offset centerpost (gooseneck) is fabricated of 5-1/2" diameter zinc-coated and primed steel; 6' Offset/Custom upright heights available upon request
- Welded 3/4" thick steel plate with ribs for ground anchoring
- Exclusive "C-Channel" provides 4' additional welded support for attaching 5-1/2" diameter heavy-wall aluminum crossbar
- 20' high uprights are made of 4" diameter structural aluminum tubing
- Specially engineered sub-surface plate allows easy installation and adjustments - no ground sleeves
- Uprights spaced 23' 4" apart for High School, while the NCAA model is 18' 6" apart
- All hardware is galvanized steel
- Entire goal features a white or yellow powdercoated finish for minimal maintenance

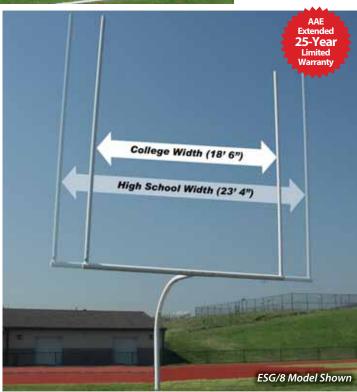

HSG-HS/8-180 HSG-NCAA/8-180

\$10,750/pr. \$10,750/pr.

Expandable Offset Football Goals

- Perfect for facilities that hold both high school and college games
- Innovative crossbar design that, in a matter of minutes, adjusts the uprights to either the official high school or official NCAA width
- Unique Safety Guide is a slot/groove design made of UHMW, preventing upright rotation while bolts are removed for adjustments
- Six-foot offset centerpost is fabricated of 5-1/2" diameter steel
- Exclusive "C-Channel" attaches to the 5-1/2" diameter heavy-wall aluminum crossbar
- All hardware is galvanized steel
- Entire goal features a white or yellow powdercoated finish for minimal maintenance
- Optional FBC Foundation Box & Cover provides easy access for goal removal

ESG \$10,350/pr. ESG/8 (8' offset) \$10,900/pr.

AAE's Safety Guide prevents uprights from rotating during adjustment stages.

Specialty Football Goals

Suspended Football Goal Post

- Furnish your indoor facility with our quality designed suspended football goal post
- Similar to our offset style goal posts minus the gooseneck
- Features a stainless steel internal tube with welded structural eyelet
- Goals are manufactured with 4" diameter aluminum tubing for uprights and 5-9/16" diameter heavy-wall aluminum crossbar with welded inserts
- Choose from three (3) models: HS model features 23'-4" upright spacing with 20' uprights; NCAA model features 18'-6" upright spacing with 20' uprights; and PRO model features 18'-6" between uprights and 35' uprights
- Durable powder-coated finish is standard and available in high visibility White, Yellow and Day-Glo® Saturn Yellow

SFG-HS	\$3,195/ea.
SFG-NCAA	\$2,995/ea.
SFG-PRO	\$3,595/ea.

Accu-Kick Adjustable Practice Football Goal

- Used by several NFL teams to help their kickers score better under pressure by narrowing target practice, honing visualization techniques and building confidence
- Uprights slide along the horizontal crossbar to adjust anywhere from 18' 6" to 6' - reduce or extend by pulling each upright to desired setting by using scale printed on underside of crossbar
- Uprights are painted white on one side and yellow on the opposite side to allow a 180° rotation for an instant on-field color change (important for college level kickers)
- Constructed of heavy-wall aluminum and stainless steel, making it durable under all weather conditions
- Two 24' high uprights are made of 4" diameter aluminum tubing
- Uprights attached at the base to a sliding stainless steel sleeve that independently runs along the 4" square aluminum crossbar
- Stainless steel handle provided to manually adjust uprights
- Four 12" pneumatic tires mounted on stainless steel axles, so it can be easily moved by two people

AK-APFG \$6,250

Portable Football Goals

Rollaway "H" Goals

- AAE originated the "portable" football goal in 1968 to meet the needs of both NFL® teams and NCAA universities in providing the greatest flexibility for practice facilities
- Fabricated with 4" diameter heavy-wall aluminum tubing connected with structurally reinforced aluminum
- Uprights spaced 18' 6" apart at 35' height for PRO model and 20' height for NCAA model, and 14' uprights spaced 23' 4" to meet NFHS width specs
- Tighter RHG-PRO/9 model features 9' portable practice target, which NFL teams including the San Diego Chargers and Miami Dolphins prefer
- Four 12" pneumatic tires with stainless steel axles are provided for ease in moving the goal
- Unpainted, mill finish is standard on entire goal for minimal maintenance
- Custom powder-coated finishes available

RHG-HS \$3,895/ea. RHG-NCAA \$3,895/ea. RHG-PRO \$4,995/ea. RHG-PRO/9 (9' width) \$3,450/ea.

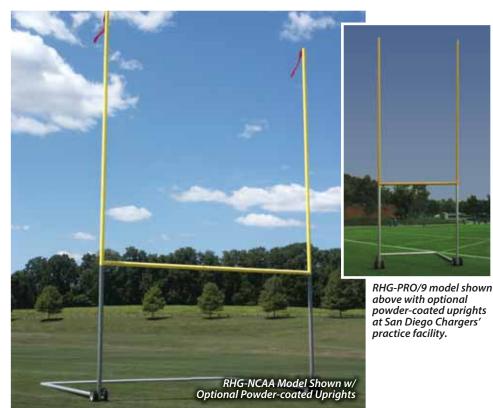

White or yellow powder-coated uprights & crossbar upgrade available for \$550/ea.

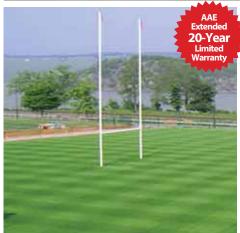

"H" Football Goals

- Used for both football and rugby, manufactured with 4" diameter structural aluminum tubing with welded inserts for crossbar attachment
- High school uprights spaced 23' 4"/20' overall height and collegiate uprights spaced 18' 6" apart with overall height of 30' to meet current NCAA specifications
- Aluminum ground sleeves and caps included
- Durable mill finish is standard available in white or yellow painted finish upon request

AHG-HS \$3,000/pr. AHG-NCAA \$3,200/pr.

Official Rugby Goal

- Similar to our "H" football goals, but designed to meet official rugby regulations
- Uprights spaced 18' 4-1/2" apart with overall height of 30' for college or club level and 44' for international competition
- Uprights are 4" dia. aluminum tubing with welded inserts for crossbar attachment
- Aluminum ground sleeves and caps included
- Durable white powder-coated finish is standard

AHG-RUGBY \$3,500/pr. AHG-RUGBY-I \$4,695/pr.

Official Hinged Rugby Goal

- Improved design from our official rugby goal with a hinged base plate, which makes installing and removing goal a simpler task
- Hinged base plate sits above ground level (see inset photo) - only ground sleeves are installed below ground
- White powder-coated (standard) 4" dia. structural aluminum tubing with welded inserts for crossbar and upright attachment
- Uprights spaced 5.60 meters (18' 4-1/2") apart with overall height of 9.14 meters (30') for high school, college or club levels and 13.41 meters (44') for international competition

AHG-RUGBY/H \$6,295/pr. AHG-RUGBY-I/H \$7,995/pr.

Combination Goals

Combination Goals

- Designed for synthetic or natural turf multi-purpose fields, where field space is limited
- Comes complete with a set of small loop stays for net support (nets sold separately), aluminum ground sleeves and caps
- Mill finish is standard on entire goal for minimal maintenance
- White goal mouth and/or painted uprights available upon request for an additional cost

HS models only:

- 4" diameter aluminum "one-piece" uprights, bent to accommodate 24' for soccer and 23' 4" for football
- Soccer portion of the uprights and crossbar are fabricated of 4" diameter slotted, structural aluminum extrusion designed to accept our MNC Molded Net Clips, which easily attach soccer nets
- CSF-HS has the additional feature of a 4" flat aluminum facing welded to the soccer portion of each goal

NCAA models only:

- Fabricated with two-piece uprights and a welded truss beam design for the crossbar in order to meet the required 18'6" width for football and 24' width for soccer
- CSF-NCAA with flat facing is also available

CAG-HS CAG-NCAA CSF-HS CSF-NCAA \$4,650/pr. \$5,350/pr. \$5,200/pr. \$5,900/pr. Simply remove the net and stays and the CAG becomes an official football goal within minutes.

Rollaway Combination Goals

- Originally designed for Georgetown University's rooftop athletic field, many other schools appreciate its compact design for synthetic or natural turf and multi-purpose fields where space is limited
- 4" diameter structural aluminum tubing
- Uprights and crossbar made of a custom slotted, structural aluminum extrusion designed to accept our MNC Molded Net Clips, which easily attach soccer nets (sold separately)
- All side stays and groundbars are made of a heavy-wall 4" diameter aluminum extrusions
- Two sets of dual 12" pneumatic tires with stainless axles are included with each goal
- Mill finish is standard white goal mouth and/or painted uprights available upon request

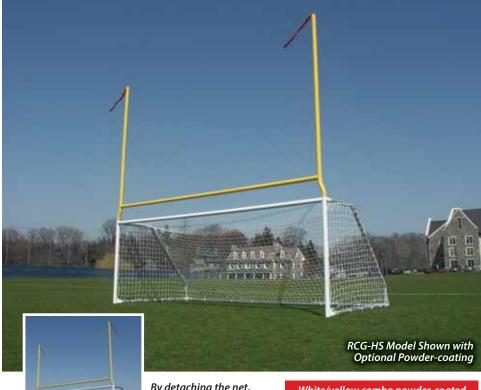

HS model only:

 "One-piece" uprights, bent to accommodate 24' for soccer and 23' 4" for football

NCAA model only:

 Features two-piece upright construction and a welded truss beam crossbar design to meet the required 24' for soccer and 18' 6" for football

RCG-HS RCG-NCAA \$9,600/pr. \$10,300/pr.

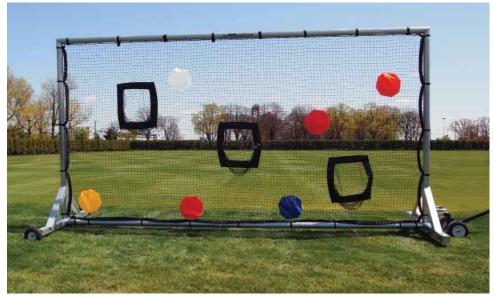

By detaching the net, the RCG instantly becomes an official football goal.

White/yellow combo powder-coated uprights/crossbar upgrade (shown above) available for \$950.

Field Essentials

NEW! Portable Quarterback Station

- Allow your quarterbacks to practice wherever you want with this mobile unit
- All-aluminum, welded frame is lightweight and easily moved on its built in cart
- Knotless, nylon netting features three catch pockets and moveable vinyl targets

PQBS \$3,395

Specially designed hitch attachment with wheels & handle.

Removable wheels included for easy transport.

90° Practice Hurdle

- EXCLUSIVE! UV-Stabilized Polycarbonate ("UVSP")
 Risers scratch & fade resistant OmniColor® resins, recessed stainless steel hardware, redesigned pushbutton notches for smoother height adjustment
- Aerospace aluminum frame with dome welded end caps and self-adjusting weights
- Push-button height adjustment modified to 24"/27"/30"/33"/36" (39" height not available)
- Flat base, stabilizer bar and reinforced post welded into world's strongest 3-way hurdle frame
- Double-web Lexan board including FREE* custom silkscreen

XLAH-CP \$180

Football BallStopper® System

- Keeps field goal and extra point kicks inside the field, protecting bystanders, cars and yards from stray footballs
- Available in 35' or 40' (8" dia. x .188" wall) height sets that outfit two endzones (4 posts/2 nets)
- Structurally engineered four-post design installs into provided aluminum ground sleeves
- Knotless HTPP nets (3-1/2" sq. x 50' wide x 35'/40' high) are treated for outdoor use
- Rope and pulley system featuring a tie-down cleat, makes it easy to raise or lower the net for each game or as required
- Mill finish is standard on posts (custom powder-coating also available at extra cost)

FBS-35 (35' post height) FBS-40 (40' post height) \$10,250/set \$11,550/set

Field Essentials

Utility Boxes & Covers

- Perfect solution to enclose on-field communication devices and outlets
- Galvanized box construction deters the elements and provides a seamless finish for any track or field
- Reinforced aluminum cover designed to accept any track/synthetic surface
- Three standard sizes, but also available in custom sizes upon request

UBC-GA/101830 (18" x 30") UBC-GA/103636 (36" square) UBC-GA/104242 (42" square) \$725/ea. \$950/ea. \$1,050/ea.

Divided Utility Box & Cover

- Special divided layout separates electric from other utilities
- Dual-lid design provides individual access to each side
- Included PVC insert allows lids to be closed, yet electrical cords to remain plugged in underneath
- Box construction (galvanized or aluminum) deters the elements and provides seamless finish for any track or field (see inset photo)
- Reinforced aluminum cover designed to accept any track/synthetic surface
- Standard size 10"D x 18"W x 30"L custom sizes available upon request

UBC-GA/101830-D (galvanized) UBC-AL/101830-D (aluminum) \$975/ea. \$975/ea.

Football Landing Mats

- Fabricated of premium 12" thick foam encased in double knife-coated vinyl (6'W and 10'L)
- Heavy duty handles and buckle straps are boxtacked to encasement body, so there is no hardware to break or lose
- Available in red, blue, navy blue, green, black, orange, maroon or yellow

FLM

\$1,100/ea.

Yard Line Markers

- Display yardage (G, 10, 20, 30, 40, 50) with foldable 18" sq. "A-frame" & 16" vinyl base
- 1" thick sturdy foam encased in double knifecoated vinyl cover
- Available in white, black, blue, red, green, orange or yellow/numerals silkscreened in choice of color

Goal Line Markers

- Ideal for field marking, as well as for drills
- Molded from orange flexible PVC
- 4" sq. and 18" high with weighted safety base
- Pylons are sold in sets of four

GLM (set of 4)

Wind Directional Flags

- Included with all AAE football goals, but also available separately
- Two-ply, red nylon fabric (4"W x 42"L)

WDF \$14/ea. WDF-4 (set of 4) \$54

YLM (set of 11)

\$650

\$50

Batting Tunnels & Foul Poles

Dual & Triple Batting Tunnels

- Increase your batting practice area two-fold, or even three-fold, within a smaller footprint of your valuable field space
- Engineered to withstand the rigors of both practice and the elements
- No tedious tie-down cables extending beyond the posts with our system
- Offset main uprights are fabricated of 4" diameter aluminum tubing, which install into aluminum ground sleeves
- Swivel pulleys with eyebolts are mounted at top to raise and lower the protective netting
- Available in the two standard sizes or call for details on custom manufacturing to your specs

BT-141455-DUAL (14'H x 14'W x 55'L) BT-121470-DUAL (12'H x 14'W x 70'L) \$8,750 \$8,750

Single Batting Tunnels

- Engineered to withstand the rigors of both practice and the elements
- No tedious tie-down cables extending beyond the posts with our system
- Offset main uprights are fabricated of 4" diameter aluminum tubing, which install into aluminum ground sleeves
- Swivel pulleys with eyebolts are mounted at top to raise and lower the protective netting
- Available in the two standard sizes or call for details on custom manufacturing to your specs

BT-141455 (14'H x 14'W x 55'L) \$3,675 BT-121470 (12'H x 14'W x 70'L) \$3,895 BT-CUSTOM visit AAEsports.com or call for pricing

All-Aluminum Foul Poles

 Main post fabricated of either 4" diameter structural aluminum tube for 22' above ground model or larger 6" diameter tube for 30' above ground model

- Winged model features offset screen fabricated of a 1-1/2" aluminum lockcrimp mesh, encased on the entire perimeter by a slotted, welded aluminum frame for maximum rigidity
- Optional Hinged Baseplate Kit (shown right) available for multi-purpose fields that require frequent sport changeover to expedite installation/removal - all stainless steel kit includes: (1) ground sleeve post; (1) welded plate with hinges; (1) post sleeve with mounting plate and all necessary hardware for one foul pole

- Both models feature a yellow powder-coated finish for high visibility and minimal maintenance
- Other colors and custom sizes also available
- Aluminum ground sleeves included

\$1,875/pr.
\$3,750/pr.
\$995/ea.
\$1,295/ea.

Backstop Netting

Baseball Backstop Systems

- Ultimate solution for a baseball field that needs the flexibility to remove a backstop, but can also be used permanently
- Semi-permanent design allows netting to be easily lowered/removed at the end of your season, in the event of high winds or when not in use
- Pulley system to lower and raise nets 1-3/4" sq. net stops baseballs & softballs
- Uprights range from 6" to 8" in diameter in straight and offset (installed outside field of play) post models - system heights range from 20'-40'
- Mill finish standard on posts (custom powdercoating also available for an additional cost)

BBS-20	\$85/linear foot
BBS-25	\$100/linear foot
BBS-30	\$130/linear foot
BBS-35	\$145/linear foot
BBS-40	\$160/linear foot

Baseball Backstop - Cable Design

- Whether you are looking to utilize existing posts/poles or searching for an entire system, AAE can supply the necessary materials to accomplish a cable tensioned backstop
- Heavy-duty 1-3/4" sq. knotted nylon net (2.5mm twine size), UV stabilized, stops baseballs & softballs, custom fit with a 1/4"MFP rope border
- Systems feature vinyl-coated galvanized steel cables with heavy-duty galvanized steel tensioning hardware
- AAE will specify the proper posts (size/diameter/material/wall thickness), specific hardware as well as engineered concrete footings and have all detailed spec drawings professionally stamped for your project's location

BBS-CD

starting at \$25,000

BBS-30-CD_12 model shown during installation.

Field Essentials

NEW! Scoreboard Netting System

- Designed to protect your outfield scoreboard from ball impact without obstructing view of scoreboard with posts
- Specially fabricated mounting brackets clamp to scoreboard I-beam supports (customized to your dimensions)
- Integrates into new or existing Multi-Sport BallStopper® System (SNS-MBS) or install as stand-alone system (SNS)
- Pulley system to lower and raise nets (netting not included)

SNS (stand-alone) SNS-MBS (MBS integration) visit AAEsports.com or call for pricing visit AAEsports.com or call for pricing

Custom mounting bracket anchors netting on SNS-MBS model.

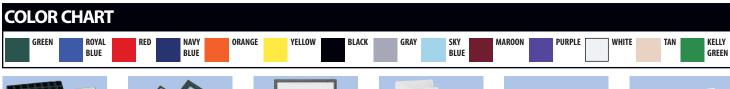

NEW! Field Savers

- Great for covering areas that are most important to stay dry in an economical way
- Protect your pitching mound (20' dia.), home plate (26' or 30' dia.) and bases (10' x 10')
- Heavy duty, 18 oz. reinforced vinyl cover (see color chart below)
- Weighted around perimeter no sandbags or stakes necessary
- Custom graphics printed directly onto the material via the TuffPrint™ process: ultra-durable imaging using premium inks of unlimited color selection and gradient shading

Lacrosse Goals, Nets & Balls

NEW! Portable Lacrosse Backstop

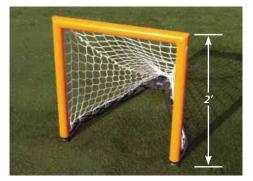

- Lacrosse balls shot on goal are a strong force that can hurt someone or cause property damage - so this system should help minimize these occurrences
- Slotted ground bar with net clips eliminates any balls from going under the net and provides stability to the system
- Fabricated of 2" square aluminum posts inserted into fabricated aluminum self-standing bases
- Angled bases create a 45 degree hexagonal layout to cut down on the trajectory
 of shots to help maximize stoppage, as well as providing even further stability
 to the system
- Synthetic UV-treated netting (1-1/2" sq. x 10' high x 30' long) has a 1/4" MFP rope border
- Optional vinyl sandbags (see page 61) provide additional stability
- Mill finish standard on posts and bases
- Custom powder-coating available for additional cost

PLB \$950

- Don't settle for cheap imitation goals... ours combines the assets of both aluminum and steel - offering one of the most durable lacrosse goals available
- 6' x 6' regulation goal mouth (4' x 4' for indoor model) is welded into one piece and fabricated from 1.90" diameter structural aluminum extrusion
- Net Attachment System provides continuous positive net attachment along groundbars and goal mouth - no unsightly use of wrap-around tape or velcro
- Ground frame is made from two structurally-reinforced, steel flat bars that bolt together in the rear with a trapezoidal steel plate
- Vinyl-coated black base provides rust protection and all hardware is stainless steel
- Standard goal mouth is powder-coated orange; a white powder-coated goal mouth is available upon request at no additional charge
- Official 6' x 6' white knotless nylon net (both 4mm or 6mm) Indoor 4' x 4' net (4mm only) - all feature white nylon border for greater strength and durability

LG	\$1,900/pr.
LG-I (4' x 4' indoor)	\$1,595/pr.
LNP/4 (standard, 4mm, white)	\$240/pr.
LNP/6 (premium, 6mm, white)	\$300/pr.
LNP-I/4 (indoor, 4mm, white)	\$280/pr.

Lacrosse Target Goal

- Scaled down version of our Lacrosse Goal developed to help increase shooter accuracy
- Nominal dimensions 2'H x 2'W x 3'D
- Set up one, or many, for drills in practice
- Weighs only 30 lbs., so can be easily moved

LTG \$575

Rollaway Goal Wheels

- Perfect for goals moved on a daily basis just tilt and roll
- 10" pneumatic tires mounted on 3/4" diameter stainless steel axle with all stainless hardware
- Stainless pull-pin allows wheel to be easily inserted or removed for storage

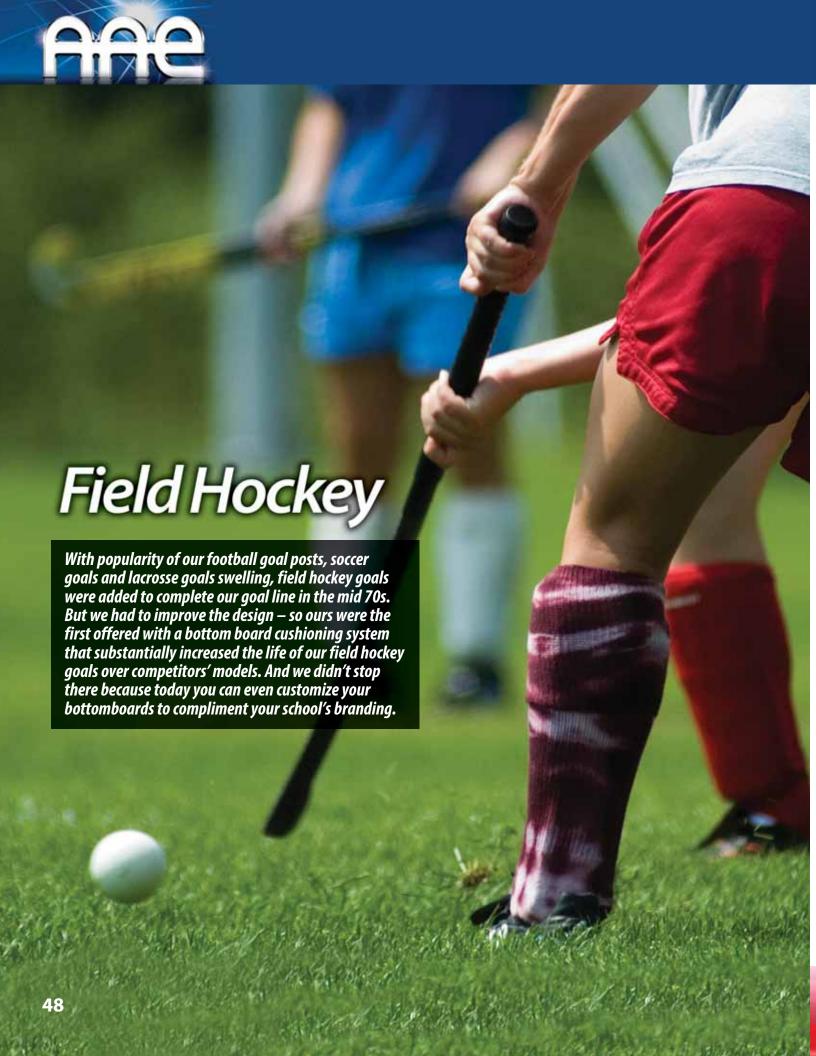

RW-LG (set of 4) \$395

Official Lacrosse Balls

- Made of durable rubber
- Meet NFHS and NCAA outdoor play specifications

Practice Field Hockey Goal

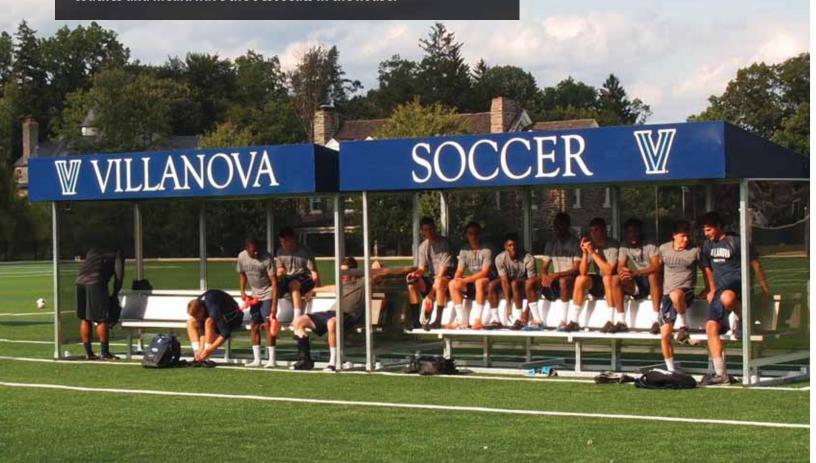

- Mini version of our field hockey goal w/ inside dimensions: 3'H x 6'W x 2'D
- 3/8" thick rubber surface is applied to rear ground bar to keep high impact area from wearing
- Tilt and Roll feature with dual heavy-duty rubber wheels

FHG-PG \$755/ea.

Field Equipment

Stadiums and fields host more than just athletes. Make sure you have the peripheral equipment you need for a successful athletic program. Our video/band towers, portable bleachers, scorer's tables, team benches, and team shelters are indispensable... and our DONKEY® elevated sports platform and portable press box products make sure coaches and media have the best seats in the house.

Portable Press Boxes

DONKEY®: Ultimate Media Packages

Whether you choose a DONKEY® with or without storage, you can take it to a whole new level with one of our Ultimate Media Packages, which includes:

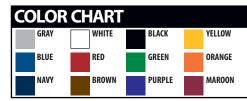

- DONKEY-1 Portable 4' High Elevated Press Box without Storage OR DONKEY-2 Portable 4' High Elevated Press Box with Lockable Storage, either offering 8' viewing height
- Bird's Nest Video Tower provides an unobstructed 12' viewing height (optional 15' for added cost) of the field for filming/coaching plus a 4' long referee's bench underneath
- Hitch Attachment allows DONKEY and tower to be connected to a utility vehicle and towed for simple relocation
- Penalty Bench an aluminum seat that extends across the front of the DONKEY
- Weather Screens provides superior foul weather protection on back and sides of units
- Aluminum Front Banner/Table shows team spirit with a multi-color decal of your school name and/ or logo and both are powder-coated in the color of your choice (see color chart)
- Aluminum Canopies give a sleek, finished look to both DONKEY and Bird's Nest Video Tower and is powder-coated in the color of your choice (see color chart)

DONKEY-1/UMP (without storage) \$28,995 DONKEY-2/UMP (with storage) \$31,995

Optional lockable storage area of the DONKEY-2 provides easy access to field equipment.

DONKEY®: Non-Storage Model

- Serves as a scoring center/video station/officiating center/broadcast booth depending on the sport or activity - fully portable from field to field
- Anodized aluminum bench slides forward and back for easy access to the generously sized, 18" deep scorer's table
- Durable aluminum frame is manufactured with structural, mill finish featuring fluted flooring and ladder steps with safety handle
- Nominal dimensions 11'H x 7'W x 11'L with inside clearance of 6' 2"
- Sleek, powder-coated aluminum canopy, table and customizable banner (see color chart) are now standard
- Lockable flat-free/foam-filled wheels (two fixed, two swivel) for when the unit is in use

DONKEY®: Storage Model

- Portable, elevated press box that offers great flexibility to your entire athletic program
- Same as DONKEY-1 in every way, except it also includes an enclosed, lockable storage compartment (see inset above) for extra on-field storage (over 160 cubic feet)
- Nominal dimensions 11'H x 7'W x 11'L with inside clearance of 6' 2"
- Sleek, powder-coated aluminum canopy, table and customizable banner (see color chart) are now standard
- Lockable flat-free/foam-filled wheels (two fixed, two swivel) for when the unit is in use

DONKEY-2 (8' viewing height)

\$18,750

DONKEY-1 (8' viewing height)

\$15,450

Scoring Centers

DONKEY®: 2' High Elevated

- Most economical model for perfect scorer's stations for nearly all sports
- Durable, low profile aluminum frame is modified to 6'W x 11'L x 8' 6"H
- Anodized aluminum bench slides forward and back for easy access to the generously sized, 18" deep scorer's table
- Aluminum canopy provides protection from the elements, gives a sleek, finished look and is powder-coated in the color of your choice
- Powder-coated aluminum front banner comes standard; AAE will customize with customer provided graphics
- Non-slip, fluted flooring and one ladder step
- Lockable flat-free/foam-filled wheels (two fixed, two swivel) for when the unit is in use

DONKEY-3 (6' viewing height)

\$10,995

HOME OF THE TRAILBLAZERS Rear view of DONKEY-4 featuring optional Powder-coated

Unibody Scorer's Tables

Aluminum Back Banner (DONKEY-BB-A) for additional branding.

- Single structured scoring area with 7'6" long bench and 20" deep tabletop for writing pads/laptops
- Semi-permanent model includes stainless steel hardware for mounting
- Portable model is a tilt-n-roll design featuring detachable 10" pneumatic tires
- Aluminum plank 12" wide seats and 10" wide backrests are anodized to protect uniforms and clothing from marks
- Welded 1-1/4" x 2" rectangular aluminum supports with UHMW glide feature for movable bench
- Optional powder-coated tabletop and frame and/ or aluminum front banner available

Exclusive! DONKEY Dream Design

- If you can dream it, AAE can make it! Take any model DONKEY and tweak it to fit your exact needs
- Custom DONKEY-4 shown above with modified platform size, elevated seating, dual scorer's tables, separate rear access ladder, contoured seats and custom banner decals
- Contact our product design team to make your DONKEY dream a reality

Scoring Solutions & Accessories

NEW! Platform Canopy Structure

- Whether you mount it to existing bleachers or a field-level concrete pad, this unit will create the perfect shaded structure
- Provide us with your field measurements and we'll custom fabricate to accommodate your facility requirements
- All-aluminum 2" x 3" rectangular welded frame structure with 1/4" thick mounting plates to be attached via included 3/8" stainless steel hardware (onsite drilling required)
- Powder-coated aluminum canopy (see color chart on page 51) is fabricated of 1/8" thick aluminum with welded border
- Canopy features built-in attachment strips along three sides for optional weather screens (see below) for further protection from the elements
- Add an optional 18" deep table top to maximize platform space and create a unibody structure; eliminating the need for folding table
- Skip the folding chairs and add optional Captain's Chairs (see below) to create a semi-permanent seating area; typically 24" space for each chair

PCS-CUSTOM PCS-TABLE

starting at \$3,500 \$595

Aluminum mounting bracket secured in four locations to existing platform.

Sideline Solutions

NEW! Bleacher Scorer's Table

- Turn existing bleachers into an instant sideline scoring center
- All-aluminum construction with custom powdercoated table top in color of your choice
- Overall Size: 8'W x 3'H x 18"D
- Welded aluminum base features black vinyl knobs that clamp down on existing bleacher planking
- Optional contoured seats not only reserve space for official scorers, but also gives the scoring area a finished look

BST-8 (8' length) CS (contoured seat)

\$1,595 \$85/ea.

Anchor Solution #1

Players' Sideline Shelter

- Semi-permanent, all-weather unit provides all-around protection from the elements to players on the sideline
- All-aluminum construction with nearly 600 weld points only heavy gauge aluminum and polycarbonate materials for maximum durability
- Overall Size: 8'H x 16'W x 7'D
- Tinted 1/4" thick plexi-glass on sides/back of shelter does not obstruct view
- Elevated anodized aluminum shelf (24"D) has hinged cover with pneumatic device that opens to internal storage compartment (see inset photo), which accommodates approximately 45 sq.ft. of storage space for athletes' gear
- Anodized aluminum 12" seat and 10" backrest
- Powder-coated aluminum canopy in team color comes standard

- Optional Trainer's Table (TT) measuring 32"H x 66"W x 24"D with 18 oz. double knife-coated vinyl encased 2" thick foam pad that attaches to underside of shelter and is retractable (can be added to any unit)
- Ultimate Sideline Package of four (4) Players' Sideline Shelters provides shelter for both home team and visitors
- Engineered to withstand a sustained 75MPH wind load when anchored properly (see photos above):

Anchor Solution #1: Anchor to concrete pad abutting playing field. **Anchor Solution #2:** Anchor to concrete piers (4) below artificial turf.

PSS-15 (15') \$19,500 PSS-USP (ultimate sideline package) \$69,500 PSS-TT (trainer's table only) \$1,595

Field & Event Accessories

Portable Multi-Purpose & Band Towers

- Portable, yet sturdy, solutions for shooting game/practice/band video or for elevating coaches to observe/drill teams
- Heavy-duty 16" diameter flat-free pneumatic swivel wheel casters (4) with brakes easily move across any surface and/or in any direction
- All-aluminum maintenance-free roof (PMT models) overhangs 6" on all sides and can be custom powder-coated in your team's color
- Band tower without canopy (PBT models) is a more economical alternative if no roof is required
- Detachable aluminum ladder leads up to a hinged door, creating a safer access point
- Three models available with the following video heights to fit your video and filming needs: 8'-6", 12'-6" and 15'-0"

PBT-8 (8'-6" viewing height, without canopy)	\$7,450
PMT-8 (8'-6" viewing height)	\$9,950
PBT-12 (12' viewing height, without canopy)	\$11,850
PMT-12 (12' viewing height)	\$14,350
PBT-15 (15' viewing height, without canopy)	\$16,250
PMT-15 (15' viewing height)	\$18,750

Multi-Purpose Tower

- Perfect for coaches, camera operators and even band conductors
- Sturdily constructed of a rust-proof, heavy-duty galvanized steel frame designed to be anchored on a concrete pad adjacent to your field or between multiple fields
- Lower and upper decks are fabricated of aluminum planking, offering over 36 sq. ft. of space on each level
- Galvanized steel frames and mesh side panels offer superior stability
- Detachable aluminum ladder leads up to a hinged door safer access point
- Optional all-aluminum maintenance-free roof overhangs 6" on all sides and can be custom powder-coated in your team's color
- Overall height without a canopy is 10'8" and with a canopy it's 16'3"
- Other options sold separately: video camera unipod; lectern with drawer

MPT (without canopy)	\$18,750
MPT-C (canopy only)	\$1,450
VCU-RM (unipod only)	\$425
MPT-L (lectern only)	\$415

Caravan Aluma Canopies

- Made completely of durable, weather-proof aluminum
- Designed for simple set up
- Custom silkscreening available for an extra fee
- Convenient carry bag included

CAC-1010 (10' x 10')	\$875
CAC-1015 (10' x 15')	\$1,100
CAC-1020 (10' x 20')	\$1,400

Crowd Control Fencing

- Sturdier, more flexible temporary fencing option than existing barriers on the market
- Panels (4'H x 8'W) fabricated of 2" sq. aluminum extrusions and two extra supports with welded aluminum wire mesh
- Aluminum posts (sold separately) have open hinge design, eliminating need for hardware and making it easy to create corners or diagonal paths
- Mill finish standard for both panels and posts

CCF (fence panel)	\$670/ea
CCP (post)	\$85/ea.

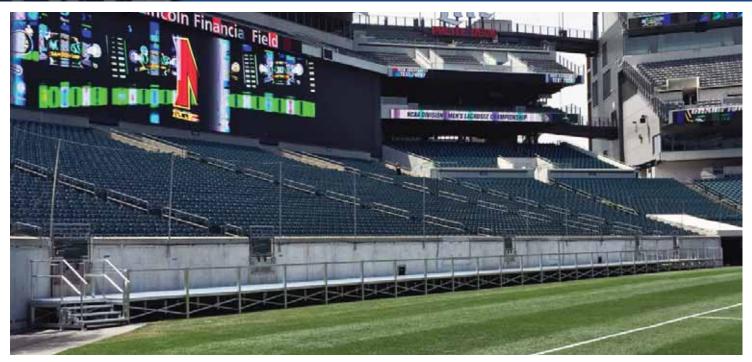

All-Purpose Carriers

- All-aluminum deck has a fluted, non-slip surface to help hold items securely
- Four 12" heavy-duty pneumatic wheel casters
- AC-S models feature removable aluminum side rails for added flexibility

AC-10AS (5' x 10' with side rails)	\$3,100
AC-8AS (4' x 8' with side rails)	\$2,700
AC-HA (hitch attachment)	\$495

Custom Seating System

Endzone Platform

- Custom designed and fabricated platform system
- Accommodates 60 exclusive VIP seats in the south endzone at Lincoln Financial Field - Home of the Philadelphia Eagles
- Luxurious on-field seating is growing trend in professional stadium renovations
- Custom aluminum platform measures 2' high x 9' deep x 150' long
- 3" square aluminum understructure with added cross brace supports
- Custom fabricated 4-step stairs with railing at one end, with custom handicap accessible ramp with railing at other end
- Specially designed camera platform with independent suspension elimnates chance of shaky video coverage caused by people walking on endzone platform

EZP

visit AAEsports.com or call for pricing

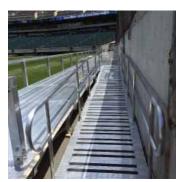

Individual platform components were manufactured in AAE's shop and delivered for on-site install

Independently suspended camera platform stabilizes video equipment to avoid potential tremors from people walking on endzone platform

Platform shown with third-party captain's chairs ready for install

All-aluminum access ramp with handrails behind seating

Stairs from first level stadium seating down onto endzone platform

East view of platform with attached AAE removable wall padding

Seating

Portable Bleachers

- Lighter and more portable because total height is under 30", so cumber-some features (i.e. double footboards, fencing, aisles) are not required
- Welded tier frames and steel crossbracing to increase rigidity
- All steel components are galvanized after fabrication and all assembly hardware is stainless steel; optional Rollaway Wheels available
- Anodized aluminum plank seats (sealed with aluminum caps) protect clothing, while footboards are mill finish (powder-coating available for additional cost)
- All planking (2" x 12") is fastened with aluminum clips, stainless steel bolts and nuts; ribbed texture on all planking for better traction
- Meets current ICC regulations

PB-315/ICC (3 rows/15' long/30 seats)	\$2,075
PB-321/ICC (3 rows/21' long/42 seats)	\$2,750
PB-415/ICC (4 rows/15' long/40 seats)	\$2,750
PB-421/ICC (4 rows/21' long/56 seats)	\$3,300
RW-PB (rollaway wheels)	\$395/pr.

Pro Team Benches

- Scaled and designed specifically for football players and other athletes requiring a more spacious seating area
- Seats are 12" wide with 10" wide backrests fabricated of anodized aluminum planks sealed with aluminum caps (powder-coating available for additional cost)
- Additional galvanized steel bars support and stabilize heavier loads
- Available in lengths of 7' 6", 15' or 21'
- Custom silkscreen in the color of your choice is also available at additional cost
- Optional Pro Team Bench Cart (see inset photo) available for easy relocation of benches

PTB-7.5B/PRO (7'6" with backrest)	\$995
PTB-15B/PRO (15' with backrest)	\$1,165
PTB-21B/PRO (21' with backrest)	\$1,600
PTB-C/PRO (cart only)	\$575

Portable Team Benches with Shelf

- Designed for gear storage with an extended 20" deep shelf off the backrest - convert into a scorer's table by simply turning it around
- Aluminum plank 12" wide seats and 10" wide backrests are anodized to protect uniforms and clothing
- Optional silkscreen on backrest with your school name/nickname in color of your choice

PTB-7.5B/S (7'6" with backrest/shelf) \$995
PTB-15B/S (15' with backrest/shelf) \$1,550
PTB-21B/S (21' with backrest/shelf) \$1,975

Double-duty - use shelf for gear storage or turn the entire bench around to use shelf as a scorer's table.

Portable Team Benches

- Bench supports are formed from rectangular steel bars, welded and then galvanized after fabrication
- Plank ends are sealed with aluminum caps and attached to supports with aluminum clips, stainless steel bolts and nuts
- Backrest models can be silkscreened with your school name/nickname in color of your choice

PTB-7.5 (7'6" without backrest)	\$380
PTB-15 (15' without backrest)	\$485

The late 1980s saw an increase in multi-purpose sports fields – especially the inside track area used for everything from football and soccer to lacrosse and field hockey. This congestion of crossover practices created a ball containment problem that AAE solved with our Ball Stopper sports netting. Unique safety aspects of this backstop netting help protect other athletes, bystanders and property from the danger of stray balls.

In-Ground BallStopper® Systems

HBS-1 Model Shown with Standard Anodized Black Finish

NEW! Curtain BallStopper®

- Innovative design features only two posts (installed outside field of play) with cabled net curtain (can slide open and closed along top and bottom cables) for complete endzone protection
- Features 8" sq. heavy-duty steel posts installed into ground sleeves, powdercoated black finish
- Concrete footing foundation sizes to be specified by engineer based on custom net height and length
- Custom designed systems 14'-6" H x 180'L shown above (dips to 12'H middle)

Ground Sleeve BallStopper®

- 10' high semi-permanent design allows netting to be easily lowered in the event of high winds or when not in use
- Fabricated of 2-3/8" dia. heavy-wall aluminum posts installed into ground sleeves
- 1-1/2" sq. Synthetic UV-treated HTPP knotless netting has a permanently attached vinyl coated galvanized steel cable on top and a MFP rope border around entire net
- Black anodized finish standard on posts (custom powder-coating available at extra cost)

CBS

Vertical cable retainer clamp (standard on all MBS models), located midway on end post, ensures that the netting protects for the full width of the system.

starting at \$8,500

HR2-

Multi-Sport BallStopper® (straight post)

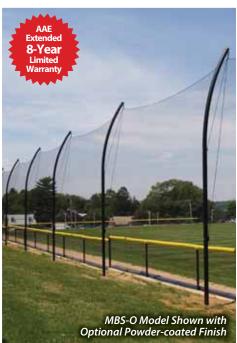

- 1-1/2" sq. knotless net stops all size sport balls, except golf balls
- Pulley system to lower and raise nets (black standard - other colors available)
- Synthetic treated netting has permanently attached coated galvanized steel cable across top, which reduces "net sag"
- Mill finish standard (custom powder-coating also available for an additional cost)
- Standard 4" diameter straight aluminum posts (6" - 8" diameter for 25' and higher models) install into provided ground sleeves

Multi-Sport BallStopper® (offset post)

- MBS-O models offers same features as the above straight post models, except with 3' offset are installed out of field of play
- Recommended for use in conjunction with existing fence

MBS-10 (straight - 10') \$36/linear foot MBS-12 (straight - 12') \$41/linear foot MBS-15 (straight - 15') \$52/linear foot \$61/linear foot MBS-20 (straight - 20') MBS-25 (straight - 25') \$71/linear foot \$83/linear foot MBS-30 (straight - 30') \$100/linear foot MBS-35 (straight - 35') MBS-40 (straight - 40') \$115/linear foot \$68/linear foot MBS-O-20 (offset - 20') MBS-O-25 (offset - 25') \$84/linear foot MBS-O-30 (offset - 30') \$110/linear foot

\$31/linear foot

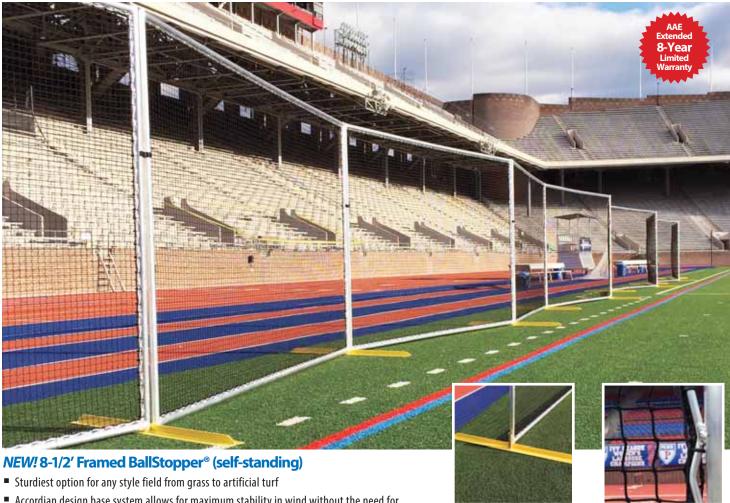

Tensioned bottom & end pole cables finish the system neatly.

Portable BallStopper® Systems

- Accordian design base system allows for maximum stability in wind without the need for sandbags or other weights
- Indiviual framed units allow for endless configurations to run drills and maximize flexibility of system
- Synthetic UV-treated netting (1-1/2" sq.) within framed 8.5' high x 15' wide sections
- Light welded aluminum frame (2"o.d. x .145" wall) allows for ease of setup and/or moving, while ground bar stops ball from going under net
- Black vinyl-coated frame clip adjoins frame posts
- No hardware components, virtually maintenance free

HBS-3

\$1,395/section

Net Frame Storage Cart

- Specially designed for off-season storage of up to 20 HBS-3 panels or 300 linear feet
- All-aluminum frame features 8' 6" uprights with "T" caps to secure sections on both sides from falling out
- Four locakable 16" pneumatic, foam-filled casters will provide years of maintenance-free use
- Padded base prevents scuffing or slipping

NFSC-8.5

Portable BallStopper® Systems

10' BallStopper® (self-standing)

- Perfect for artificial turf fields no concrete or digging required
- Sections can be configured in different layouts
- Ground bar stops ball from going under net
- Fabricated of 2" square aluminum posts inserted into fabricated aluminum bases
- Synthetic UV-treated netting (1-1/2" sq. x 10' high) has coated galvanized steel cable across top
- Stainless steel snaps permit netting to be lowered easily after use or as required
- Optional vinyl sandbags (specify yellow or white) provide additional stability
- Mill finish standard on uprights and bases
- Custom powder-coating available

HBS-2

\$51/linear foot

15' BallStopper® (self-standing)

- Perfect for artificial turf fields no concrete or digging required
- Sections can be configured in different layouts
- 4" round aluminum posts inserted into fabricated 6'-6" wide aluminum bases
- Slotted ground bar with net clips eliminates any balls from going under the net
- Synthetic UV-treated netting (1-1/2" sq. x 15' high) has a vinyl-coated galvanized steel cable preattached to top of net
- Pulley system with 316 stainless steel snaps permit netting to be lowered easily after use or as required (high winds)
- Mill finish standard on uprights and bases
- Custom powder-coating available

MBS-15-P

\$95/linear foot

◀ Vinyl Sandbags

- Fabricated with 18 oz. vinyl panels measuring 18" x 18" with heavy gauge zipper
- Heavy duty canvas handles attached via Box-X stitch method
- Yellow is standard also available in white

VSZ

\$46/ea.

Base Weights >

- Adds further stability to portable products in a more seamless fashion
- Aluminum construction quarantees no rusting
- Optional 3" or 5" wide welded channel to fit BallStopper® and Batting Tunnel portable bases

BW-80 (base weight - 80 lbs.)

\$395/ea.

Other BallStoppers & Accessories

Soccer BallStopper® Systems

- Prevents ball interference between simultaneous soccer games or practices, while also providing perimeter boundaries to safeguard against property damage or bystander injury
- Same benefits as MBS models, but at a reduced cost because larger knotless netting (3-1/2" sq.) is designed for use with soccer balls only
- Available in both straight and offset post models

SBS-20 (straight - 20')	\$56/linear foot
SBS-25 (straight - 25')	\$66/linear foot
SBS-30 (straight - 30')	\$78/linear foot
SBS-35 (straight - 35')	\$95/linear foot
SBS-40 (straight - 40′)	\$110/linear foot
SBS-O-20 (offset - 20')	\$61/linear foot
SBS-O-25 (offset - 25')	\$78/linear foot
SBS-O-30 (offset - 30')	\$100/linear foot

Multi-Sport (fence post)

MBS-20/IF Model Shown

- Heightens chain link fence, which reduces cost of net
- Utilize existing concrete footings (MBS/F) or integrate into new fence footings (MBS/IF) and save on cost of pouring separate footings for BallStopper® AND fence - creating a more streamlined appearance
- MBS-20/F model has standard 20' posts that bolt directly to fence posts with custom couplings and galvanized steel hardware
- MBS/IF models available in variety of heights, since footings will be engineered to accommodate post height on a fresh install
- Pulley system to lower and raise (see inset photo) UV-treated nylon 1-1/2" sq. knotless net, which has permanently attached coated galvanized steel cable across top to limit "net sag"
- Mill finish standard (custom powder-coating also available at additional cost)

MBS-20/F	\$65/linear foot
MBS-20/IF	\$60/linear foot
MBS-25/IF	\$85/linear foot
MBS-30/IF	\$95/linear foot
MBS-35/IF	\$115/linear foot

Brand Identity

Extensive equipment customization options are key to augment your brand.

Chances are you have been hearing more and more about "brand identity" in recent years, but here at AAE we have been manufacturing products to tie in with brand identity for over 50 years. It began with our standard eight hurdle tube colors along with matching logos on the boards and has expanded to a multitude of AAE products offered in a broader color spectrum with custom decals or silkscreens.

While schools and universities throughout the country have become focused on creating (or recreating) their public image, AAE has been keeping the pace. Now that team uniforms are no longer the sole vehicle to communicate a sports program's identity, AAE is ready to colorize and logotize whatever equipment you need.

AAE is proud to partner with customers in their quest for the ultimate equipment customization. Several of our product lines continue to be popular brand identity agents: hurdles; batons; DONKEY® press boxes; sideline shelters; award stands; team benches; field hockey bottomboards; football goal post pads; lacrosse goals; high jump and pole vault landing pads; multi-purpose towers; removable outfield walls; track and field surface savers; ShotStoppers; Uni-Body Scorer's Tables and windscreens. And we're always willing to add more to that list.

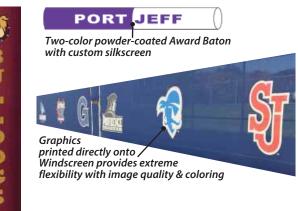

Contact AAE to discuss the details of your school's brand identity in conjunction with your equipment needs.

Printed vinyl decal for navy blue powder-coated DONKEY Banner

Full color printed logo & gold metallic vinyl lettering on Goal Post

Custom printed full vinyl wrap for DONKEY Banner

Logo printed directly onto Track Surface Saver

Field Hockey Goal Bottomboards get customized with printed vinyl decal logo and lettering

Product Design

AAE reserves the right to make any changes or improvements in the design of our products at any time without prior notice

AAE attempts to incorporate safety features in the design and construction of all our equipment. However, there are risks involved in engaging in any athletic activity or competition and with the use of any athletic equipment. Some risks cannot be eliminated even with the use of safety equipment, such as safety nets and other protective devices. Risks of injury, including possibly serious injury, permanent paralysis or even death, will still be present from some athletic activities, even if all available safety equipment is used.

AAE does not guarantee freedom from injury or that the use of any of its safety or protective equipment will prevent injuries.

AAE assumes no responsibility for proper supervision, proper training, athletic conditioning, individual performances, external conditions, vandalism, negligent maintenance, failure to follow directions, failure to refer to manuals, negligent or intentional actions of third persons and other things over which AAE has no control.

AAE cautions all users:

- (1) to use athletic equipment only under the supervision of qualified instructors;
- (2) to use athletic equipment only for its intended purpose or purposes (refer to manual enclosed with the equipment, if applicable);
- (3) to make certain that all parts of athletic equipment are present and have been properly installed (see manual, if applicable); and
- (4) to inspect each item of athletic equipment before each use and to refrain from using the equipment if it has been damaged in any way.
